AUSTRIA GIVEN 15 DAYS TO REPLY

Terms Of Peace Presented To Austrian Delegates At St. Germain

St Germain, June 2—Austria was today given fifteen days to reply to the terms of peace presented by the Allied nations.

M. Clemenceau, president of the peace conference, was the first prominent figure to arrive today at the meeting at which the terms of peace were presented.

Secretary of State Lansing and Henry White were the first American representatives to arrive. Premier Orlando of Italy and Premier Paderewski of Poland and Arthur J Balfour, following.

WILSON HAD A PUNCTURE.

President Wilson reached St. Germain at 12:14 o'clock. A puncture in the tire of his automobile had held him up on the way.

The Austrian representatives arrived at 12:22 o'clock, entering the chamber by a rear entrance. The delegates were attired in conventional morning dress.

The Austrians were escorted in by an Italian officer.

Immediately upon their arrival at 12:22 o'clock, the session was formally opened by announcement of the head usher.

CLEMENCEAU'S 3 MINUTE TALK.

Premier Clemenceau, president of the peace conference began his address at once. He spoke only three minutes.

The hall was densely packed, many of the secretaries having been admitted to the chamber and the denseness of the throng detracted somewhat from the impressiveness of the ceremony.

TREATY NOT COMPLETE.

The entire peace treaty was not presented to the Austrians today and the fifteen days' stipulations with regard to their reply, therefore, refers only to the portion of the terms handed them at today's session.

President Wilson's automobile mishap occurred at St. Cloud. While the punctured tire was being mended an army car passed. It was commandeered by the president's party, and the president and Rear Admiral Grayson drove at high speed to St. Germain

Paul Dutasta, general secretary of the peace conference, presented the terms to the Austrians at 12:37 o'clock.

Dr. Karl Renner, the Austrian chancellor, and head of the delegation then began an address in French.

LIMA, PERU STRIKE IS ABOUT OVER

Lima, Peru, Sunday, June 1.—The situation arising from the strike is rapidly returning to normal here and it is believed that the most of the industries affected will resume operations tomorrow.

SUMMARY OF PEACE TERMS TO AUSTRIA

The following official summary of the official Austrian peace terms was made available today in diplomatic circles here:

The frontiers of Austria: The frontier facing Czecho-Slovakia follows the existing administrative boundaries formerly separating the provinces of Bohemia and Moravia from those of Upper and Lower Austria subject to certain minor rectifications, notably in the regions of Gmund and Feldsberg and along the river Moravia. The southern frontier facing Italy and the Serbo-Croat-Slovene state is to be fixed by the principal Allied and associated powers at a later date. In the eastern part the line passing just east of Bleiburg crosses the Drave just above its confluence with the Lavant and thence will pass north of the Drave so as to leave to the Serb-Croat-Slovene state, Marburg and Radkersburg, just to the north of which latter place it will join the Hungarian frontier. To western and northwestern frontiers facing Bavaria, the western frontier facing Switzerland and the eastern frontier facing Hungary remain unchanged.

POLITICAL CLAUSES.

Political clauses — Europe: The high contracting parties recognize and accept the frontiers of Bulgaria, Greece, Hungary, Poland, Roumania, the Serb-Croat-Slovene state and the Czecho-Slovak state as at present ultimately determined. Austria renounces in favor of the principal Allied and associated powers all her rights and titles over territories formerly belonging to her, which, though, outside the new frontiers of Austria, have not at present been assigned to any state undertaking to accept the settlement to be made in regard to these territories

The Czecho-Slovak: Austria recognizes the complete independence of Czecho-Slovak state, including the autonomous territory south of the Carpathians in conformity with the action already taken by the Allied and associated powers. The exact boundary between Austria and the new state is to be fixed by a field commission of seven members, five nominated by the principal Allied and associated powers and one each by Austria and Czecho-Slovakia. Czecho-Slovakia agrees to embody in a treaty with the principal Allied and associated powers such provisions as may be deemed necessary to protect racial, religious or linguistic minorities and to assure freedom of transit and equitable treatment for the commerce of other nations.

INDEPENDENCE OF SERBS.

The Serb-Croat-Slovene State: Austria similarly recognizes the complete independence of the Serb-Croat-Slovene state and renounces her rights and titles. A similarly appointed field commission including a member nominated by the Serb-Croat-Slovene state is to fix the exact boundary. The question of the basin of Klagenfurt is reserved. The Serb-Croat-Slovene state agrees to a similar treaty for the protection of minorities and freedom of transit.

Roumania—Roumania agrees to a similar treaty for protection of minorities and freedom of transit.

Russia: Austria is to recognize and respect the full independence of all territories which formed part of the former Russian empire. She is to accept definitely the annulment of the Brest-Litovsk treaty and of all treaties or agreements of all kinds concluded since the revolution of November, 1917, with all governments or political groups on territory of the former Russian empire. The Allies reserve all rights on the part of Russia for restitution and satisfaction to be obtained from Austria on the principles of the present treaty.

ABROGATION OF 1839 TREATY.

General arrangements: Austria is to consent to the abrogation of the treaties of 1839 by which Belgium was established as a neutral state and her frontiers fixed and to accept in advance any convention with which the Allies may determine to replace them. Austria adheres to the abrogation of the neutrality of the grand Duchy of Luxemburg and accepts in advance all international agreements as to it reached by the Allied and associated powers. Austria accepts all arrangements which Allied and associated powers make with Turkey and Bulgaria with reference to any rights, privileges or interest claimed in these countries by Austria or her nationals and not dealt with elsewhere. Austria accepts all arrangements with the Allied and associated powers made with Germany concerning the territories whose abandonment was imposed upon Denmark by the treaty of 1864.

Protection of minorities: In a series of special clauses, Austria undertakes to bring her institutions into conformity with the principles of liberty and justice and acknowledges that the obligations for the protection of minorities are matters of international concern over which the league of nations has jurisdiction.

She assures complete protection of life and liberty to all inhabitants of Austria without distinction of birth, nationality, language, race or religion, together with the right to the free exercise of any creed. All Austrian nationals without distinction of race, language or religion are to be equal before the law.

NO LANGUAGE RESTRICTIONS

No restrictions are to be imposed on the free use of any language in private or public and reasonable facilities are to be given to Austrian nationals of non-German speech for the use of their language, before the courts. Austrian nationals belonging to racial, religious or linguistic minorities are to enjoy the same protection as other Austrian nationals in particular with regard to schools and other educational establishments and in districts where a considerable proportion of Austrian nationals of other than German speech are resident, facilities are to be given in schools for the instruction of children in their own language and an equable share of public funds is to be provided for the purpose.

These provisions do not preclude the Austrian government from making the teaching of German obligatory. They are to be embodied by Austria in her fundamental law as a bill of rights, and provisions regarding them are to be under the protection of the league of nations.

AUSTRIAN RIGHTS

Austrian rights: Outside Europe, Austria renounces all rights, titles and privileges as to her own or her allies' territories to all the allied and associated powers and undertakes to accept whatever measures are taken by the principal Allied powers in relation thereto.

The clauses as to Egypt, Morocco China and Siam are identical after the necessary modifications with those of the German treaty except that especially in the case of China there is not need for so great detail.

MILITARY CLAUSES RESERVED.

Military, naval and air clauses: The military clauses are reserved.

Naval: All Austro-Hungarian warships, submarines and vessels of the Danube flotilla are declared to be finally surrendered to the principal allied and associated powers. Twenty-one specified auxiliary cruisers are to be disarmed and treated as merchant ships. All warships and submarines under construction in ports which belong or have belonged to Austria-Hungary, shall be broken up, the salvage not to be used except for industrial purposes and not to be sold to foreign countries. The construction or acquisition of any submarine even for commercial purposes is forbidden. All naval arms, ammunitions and other war materials belonging to Austro-Hungary at the date of the armistice shall be surrendered to the Allies.

CANNOT USE WIRELESS.

The Austrian wireless station at Vienna is not to be used for naval, military or political messages relating to Austria or her late Allies without the assent of the Allied and associated governments during three months but only for commercial purposes under supervision. During the same period Austria is not to build any more high power wireless stations.

Air clauses: The air clauses are practically the same as in the German treaty, except for the 100 airplanes and their personnel, which Germany is allowed to retain until October to search for mines.

General. Austria agrees not to accredit or send any military, naval or air mission to any foreign country, nor to allow Austrian nationals to enlist in the army, navy or air service of any foreign power.

The section on penalties is identical with the German treaty, except for the omission of any provision similar to that calling for the trial of the ex-kaiser of Germany.

REPARATIONS RESERVED.

The section on reparations is reserved.

The financial clauses are reserved.

Economic clauses, are, except in certain details, such as shipping, similar, to those of the German treaty. Special provisions are added, however, for former Austro-Hungarian nationals acquiring an allied nationality. Similar to those in the German treaty, relating to the inhabitants of Alsace-Lorraine, their contracts are maintained subject to cancellation by their governments. Austria undertakes to recognize any agreement or convention made by the Allies to safeguard the interests of their nations in any undertakings constituted under Austro-Hungarian law which operates in territories detached from the former Austrian empire and to transfer any necessary documents and information in regard to them.

Freedom of transit: The clauses as to freedom of transit are the same in the Austrian as in the Germany treaty except for the omission of provisions affecting Germany alone and the insertion of specific clauses granting Austria transit privileges through former Austro-Hungarian territory in order to assure her access to the Adriatic.

Miscellaneous provision are after necessary substitutions, virtually identical with those of the German treaty. The treaty is to come into force when signed by Austria and the three principal powers and to be effective for the individual states on the deposit of their specific ratifications.

Adriatic Claims Are Unsolved

Paris, June 2.—The terms of peace was presented to the Austrians today with the problem of the Adriatic claims of Italy unsolved.

The council of four held a brief meeting before going to St. Germain this morning. Premier Orlando of Italy, and Colonel E. M. House of the United States being present. During the meeting the Adriatic question was discussed.

CHICAGO GREETS MORE 33RD MEN

6,000 "Prairie Dogs" in Second Celebration at Windy City.

Chicago, June 2.—Some 6,000 officers and men of the 33d (Prairie) division were here today on their way to Camp Grant to be mustered out, having arrived in eight special trains between 11 o'clock last night and 7.30 this morning.

UP ALL NIGHT.

Although a majority of the trains which did not arrive until long after midnight, were halted for the night at the outlying railroad yards of the trunk lines, thousands of friends and relatives were on hand to greet the returning troops. That portion of the 33rd division which arrived today is made up of the old First, Third, and Seventh regiments Illinois national guard, the old Third regiment being composed of down state companies.

Learning that the trains would not be brought into the stations until after daylight this morning many people from out of town as well as Chicagans went to the outlying yards and scrambled over a network of tracks in the darkness in order to greet the men who swarmed out of the coaches as soon as they stopped.

FOOD AND SMOKES.

Men of the 129th regiment who were halted at 91st street were bombarded with food, cigars and cigarets as soon as they left the cars. Maj. W. F. Hemingway and the Third battalion occupied the first train. Company I of Aurora came through the crowd first and were almost smothered in the rush of their home town folks. Captain E. C. Eardley led Company K of Rockford in the scramble and Company L of Kankakee was close behind.

Companies E, F, and G, of Elgin, Pontiac and Woodstock respectively, came on the second train, which was commanded by Major E. E. Thornton of Danville. Private Osiol of G company, the Croix de Guerre man of his outfit, was surrounded and carried away by members of his family. He received the decoration for being wounded under artillery fire.

At 9 o'clock the troops were assembled in Grant Park on the lake front, where a reception was held for all relatives. After a parade in Michigan avenue, which was reviewed by Governor Frank O. Lowden, Major-Generals Leonard Wood and George Bell, Jr., the various regiments marched to the big downtown hotels where banquets were given in their honor.

Late this afternoon they will entrain for Camp Grant.

TROUBLE NOT OVER IN RHINELAND

Berlin, June 2—The threatened declaration of the Rhineland as a republic did not occur Saturday as had been announced but the Frankfort correspondent of the Tageblatt says the danger is not over. He explains the sub-currents that have long been tending to tear this district from the empire.

There are two. The first culminated recently in negotiations with the French Gen. Mangin, having been agitated for weeks and months by the serious leaders of the centrist party headed by Herr Frohberger, editor of the Cologne Volkszeit who was born in Alsace and educated in France, who visited Switzerland in 1918 and went on record as saying that the outcome of the war must be a Rheinland republic, consisting of Alsace, Lorraine, the Palatinate Rheinish Russia and the Rhaine provinces. Even before the fall of the monarchy, the project was common talk in Cologne financial circles.

The second project, involving Herr Frohberger and Herr Kastert and Herr Kuckhoff, who resigned from the assembly yesterday, was a plan to create an independent Rhine state within the empire, with the same rights, as other German states, which would act as a barrier between Germany and France.

France was supposed to be willing to grant important concessions, including the renunciation of the Sarre territory, a long recuperation of the Rhineland and possibly a part of the indemnity. The movement was sufficiently serious to worry the Government and cause it to issue warnings.

Bremen and east and west Prussia are now talking of combining into an independent state. The same trend is to be found elsewhere.

SEND COLORS TO DEMOBILIZED UNITS

Washington, June 2.—The colors of demobilized national guard and the national army organizations will be delivered to the states from which the organizations came under instructions sent by the war department today to all demobilization centers. The colors will be forwarded to the army recruiting officer nearest the capital of the state in which they are to be deposited and he will deliver them to the state officials.

"HEY, MR. PRESIDENT!"

This picture of the British premier, David Lloyd George, was snapped as he was hurrying from the peace conference, waving his stick to the driver of President Wilson's car that he might have another word with the president.

RAILROAD RATE INCREASES UPHELD

High Wire Rates Valid

Washington, June 2.—Increased telephone and telegraph rates put into effect last January 21, under an order of Postmaster General Burleson were upheld today by the supreme court.

The court held that under the joint resolution by which the wire systems were taken over by the government there was authority for interfering with intrastate rates.

Federal court decrees permanently restraining the postmaster general from charging increased telegraph rates in Illinois were dissolved by the court.

NO DATE SET FOR OPERATORS' STRIKE

Washington, June 2.—S. J Konenkamp, president of the Commercial Telegraphers' union, stated here today that no date had been set for a nation-wide telegraphers' strike, and that the threatened walkout in Atlanta was purely a local affair.

Almost simultaneously with Mr. Konekamp's statement, Postmaster General Burleson announced that if telephone operators in Atlanta had been dismissed because of union affiliations, they would be reinstated at once and that steps would be taken to discipline the responsible officials of the Southern Bell Telephone company.

FIRED FOR JOINING UNION.

Atlanta, Ga., June 2.—What union leaders asserted would prove to be a nation-wide strike of telephone and telegraph employes appeared early today to hinge on the question of reinstatement of less than a dozen telephone girls here

The operators were discharged for joining the Commercial Telegraphers' Union of America, according to their leaders, while the company just as positively asserted that inefficiency and not union affiliation was the cause of the dismissal of the employes.

BAKER WOULD BUY CAPE COD CANAL

Washington, June 2. — Secretary Baker today asked congress for legislative authority and an appropriation of $10,000,000 for the immediate purchase of the Cape Cod canal. Action by congress was necessary, he said, so the canal might be acquired without waiting the result of pending condemnation proceedings.

DR. ANNA SHAW'S CONDITION BETTER

Springfield, June 2.—An improvement in the condition of Dr. Anna Howard Shaw, dean of American suffragists, who was taken ill here last Thursday, was reported this morning. Dr. Shaw came here to address the state peace convention and was taken ill soon after her arrival.

Washington, June 2.—Railroad freight and passenger rate increase made by the railroad administration last June were today upheld by the supreme court.

North Dakota supreme court decrees enjoining the Northern Pacific from enforcing an of the railroad and Director-General Hines from enforcing an order of the railroad administration increasing rates in that state were reversed.

HAD AMPLE AUTHORITY.

The court held that the authority conferred by the resolution and the act were war powers conferred on the president and that the power of the federal government "was supreme and conclusive."

The opinion was unanimous

The court also set aside lower court decrees which held that under section 15 of the railroad control act, re-existing intrastate rates remained in effect as lawful police regulations.

SEIZE PALACES OF EX-KAISER

[Correspondence of Associated Press]

Berlin, May 17.—Disposition of the property of the former emperor and the former crown prince is claiming the attention of the finance ministry of the new republic. A commission has been appointed to determine what may properly be considered private and what holdings may properly be looked upon as belonging to the state.

The order creating the commission provides for a thorough search of real estate records for the purpose of determining the title and says the findings must be placed before the national assembly so that proper disposition may be made of the lands and palaces which the government will take over.

Already there is some discussion on this point. Nearly all of the emperor's castles and palaces are now being used for public purposes, those in Berlin being occupied by public officials as residences and for offices, while the Potsdam palace has become a hospital. In other districts they are being utilized as barracks for troops as in the case of some of the crown prince's palaces. It has been suggested that the emperor's palace in Berlin shall become a museum for the ministry of arts and sciences in which will be gathered the art objects now in all the palaces.

Just what will be done with the remainder of the emperor's fortune, it is stated, will not be determined until the peace treaty has been formally signed.

RECOGNIZE REBELS IN COSTA RICA

San Salvador, June 2. — The governments of Guatemala, Honduras and Nicaragua have recognized the belligerency of the anti-Tinoco revolutionists in Costa Rica, according to a dispatch received from Nicaragua.

The revolutionists, the advices state, have received appreciable reinforcements.

AMERICAN FLYERS NOW IN LONDON

London, June 2.—The crews of the three American naval seaplanes, which started on the memorable trans-Atlantic flight, completed so gallantly by the NC-4 through her arrival at Plymouth, came to London yesterday afternoon and were given a typical reception as their train stopped at Paddington station. American sailors and soldiers who had been waiting for their arrival rushed for the car that contained Lieut.-Commander A. C. Read, who brought the NC-4 safely across the Atlantic, seized him and bore him on their shoulders up and down the platform and then to an automobile before a parade.

One of the first to reach the NC-4's commander after he came from the train was Harry G. Hawker, who had attempted to shoot his congratulations as Lieut-Commander Read was being jostled about on the shoulders and heads of a score of men. The daring British aviator, who had wired his congratulations to the crew of the NC-4 at Plymouth had arrived at the station half an hour before the train came in as it was twenty minutes late. The huge crowd outside the station waiting to see the successful American flyers cheered him and Mrs. Hawker as they drove up in their car When they were inside the station, three cheers were suggested and given him by the American fighting men. They then gave three cheers for Mrs. Hawker.

TWO ARMY FLIERS KILLED IN CRASH

New Haven, Conn., June 2.—Lieut. Melvin B. Kescher, 23, and Corporal Joseph Katzman, 21, army aviators from Mineola, N. Y., were killed yesterday afternoon when their airplanes collided with another machine while flying at a height of 2,000 feet near the Yale bowl.

NC-4 PILOT AGAINST FLIGHT HOME

Plymouth, June 2. — A canvass among members of the crews of all the American navy's NC. boats regarding the feasibility of a direct Atlantic flight by the NC-4 developed a wide divergence of opinion. No one would say it was impossible or even impracticable but there was general agreement that much depended upon the direction of the wind and that there was greater prospect of success of flying from New Foundland to Ireland than the reverse.

Lieut. E. F. Stone, pilot of the NC-4 was positive no attempt would be made to fly home by way of Ireland and New Foundland. He pointed out that all the NC planes are still in an experimental stage and that none of them was built for a direct Atlantic flight. He thought the chance of a favorable wind from this side was too remote to make serious consideration of the project possible.

Advocates of the plan contended that if one or two members of the crew were dropped there was an excellent chance of success. They argued that the destroyers used to aid this flight could be stationed along the course to ensure the safety of the crew even if the plane came to grief.

ASK INDEPENDENCE FOR PHILIPPINES

Washington, June 2.—Final and immediate solution of the Philippine question was asked of congress in a memorial presented by the Philippine mission today at a joint session of the senate committee on the Philippines and the house committee on the insular affairs. The mission is officially representing the Philippine people.

"It is for the best interest of both the United States and the Philippines," said the memorial "that the independence of the latter country be recognized and established at this time.

"Such a step will insure the maintenance of a firm and lasting friendship between the two peoples."

80TH DIVISION SOLDIERS RETURN

New York, June 2—More than 6,0 soldiers arrived here today on th transports Graf Waldersee a Canada. The former German ship brought the 310th infantry, comple 80th division, and twenty-six officer and 81 men of the 142nd infantry 36th division.

On board the Canada were 1,732 officers and men composed mainly of casual companies, hospital details and welfare workers. The troops on the two transports are under orders for camps Devens, Dix, Lee, Jackson, Gordon, Sherman, Taylor, Custer, Grant, Shelby, Dodge, Funston, Travis and Bowie.

HEAT CAUSES DEATH OF 3 CHICAGOANS

Chicago, June 2.—Three deaths were attributed to the heat. Maximum temperature was 85.

COBLENZ AS CAPITAL CITY

Provisions of New Rhenish Republic are Outlined.

Paris, June 2.—Coblenz will be the capital of the new Rhine republic, which was proclaimed yesterday in several Rhine cities. The new government and national assembly will meet there, but the provisional governments will sit at Wiesbaden. Portions of the proclamation have been telegraphed to the Echo de Paris from Metz by Maurice Barres. One significant section follows:

"We declare the autonomous Rhenish republic to be founded in the bosom of Germany. It is a pacific republic which is composed of the Rhenish province Old Nassau, Rhenish Hesse and the Palatinate. The foundation rests on the following bases:

"1. The frontiers will remain the same, including Birkenfeld.

"2. Changes in frontiers can be made only with the approval of other nations interested as established by a plebiscite.

"3. The provisional government of the Rhenish republic is exercised by the undersigned delegates of the people.

"4. Elections for the Rhenish national assembly will be held without delay, according to the methods of the German national assembly.

"Coblenz is to be the capital of the new government and the national assembly will meet there. The provisional government will sit at Wiesbaden. Local authorities will continue to exercise control for the time being.

"The provisional government will take the place of the central government and the Prussian, Bavarian and Hessian governments.

"(Signed),

"RHENISH HESSIAN-NASSAU COMMITTEE,

"Palatinate Committee,. June 1, 1919".

NOT SEPARATIST MOVEMENT.

Another passage shows the movement not to be separatist, but anti-Prussian. It says:

"Violence from whatever side must disappear. The Rhenish people honestly and sincerely wish peace based on a reconciliation of all peoples. That is why it separates itself from the institutions which are the bases of so many wars, feudalism and militarism. It thereby eliminates an obstacle standing in the way of a genuine peace."

M. Barres says that Dr. Dorder, the president of the new republic, is the soul of the movement. He is from Bonn and before the war was a magistrate. During the war he was a German officer.

"He is one of those idealist Rhinelanders who have never been reconciled to the subjection of the left bank of the Rhine to brutal exploitation by Prussia." M. Barres writes. "We are in the presence of the reappearance of the old Germany with which our fathers were able to enter into agreements and some times to entertain friendship. This happy event became possible only through the admirable conduct and political sense of the Allied armies."

AWAITS MORRIS REPORT ON OMSK

[By The Associated Press.]

Paris, Sunday, June 1—Until Roland S. Morris, American ambassador to Japan, reaches Omsk from Tokio, it seems improbable that further steps toward extending recognition to the Kolchak government will be sanctioned by President Wilson, as he is anxious to have a report from Mr. Morris after he has fully discussed the situation with the Kolchak cabinet and has investigated conditions at Omsk. Because of slow communications over the trans-Siberian route, it is probable that it will be another week before Mr. Morris reaches Omsk.

FIRST YANK IN RUSSIA DECORATED

(By The Associated Press)

Archangel, Saturday May 31—Lieutenant Milton Rogers of Lebanon, Ky., is the first American to be decorated for gallantry during the fighting on the Murmansk front He has been awarded the French war cross for leading an attack on the Bolsheviki trenches at Urosonero on April 11 with the co-operation of a French armored train

Pittsburgh Chronicle-Telegraph—Alfred Noyes was complaining in York about a harsh critic

"This critic's work" he said, "reminds me in its unsparing harshness of a dialogue between two villagers

"'There goes Bill Smith' said the first villager, 'Bill ain't the same man he used to be'

"'No' said the second villager 'and he never was'"

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates

Household Fashions

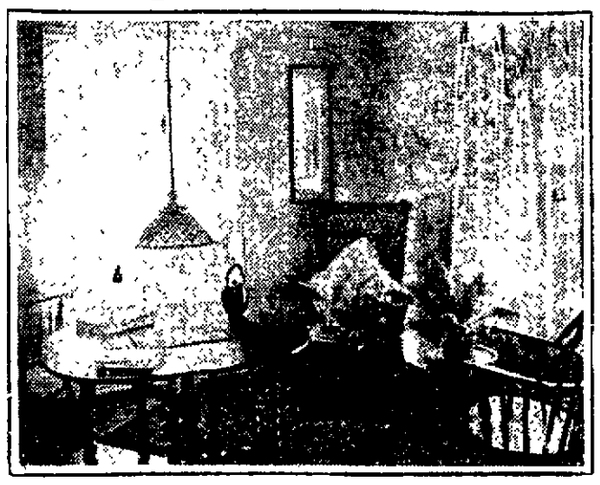

COMFORT FOR COOLER DAYS

Even summer, justly famed for warmth and sunshine, has its cool moods and rainy days when a lightweight wool frock is an acceptable addition to one's wardrobe For such occasions is designed this charming tricolette with its fascinating embroidery of gray Angora wool

NEST-BUILDING TIME!

Feathering the Nest—Good Furniture

By Mrs. Edith Nell Nichols, a Bride.

Does the task of furnishing your living room appropriately in these days of high prices seem difficult? It really isn't even though your pocketbook is not as heavy as it might be Even now, sufficient, good looking furniture can be secured for $150

With this expenditure, however, the chairs are of willow

Willow furniture is not to be despised because it is cheaper than many other kinds With pretty colored cushions and back pads the chairs are most attractive Their lines are usually good and they are seldom overdecorated I found willow furniture light, easy to move clean and very substantial

I made the cushions and pads for my chairs from denim in a soft brown A pad and a straight cushion can be made for 50 cents This includes the cost of the cotton used for stuffing as well as the denim

Another reason why I consider willow furniture a good investment is that it can be moved to other rooms of the house to the sun parlor and the porch when it is worn and you have other furniture for the living room Wicker furniture stained in dark brown may be found in the shops at the following prices

2 straight chairs	$18 80
1 rocking chair	$10 00
1 deep arm chair	$16 50
1 settee	$32 50

All that is needed besides the settee and chairs to complete the furnishings of the living room are a table rug and curtains A lovely table of American walnut can be purchased for $27 Such a table would be worthy of a permanent place in your home

Rugs are most expensive now but a Scotch wool rug in pretty colors would look well in the informal living room A good one will not cost more than $30

Scrim curtains launder and make attractive draperies for windows. A good quality scrim in the 36-inch width may be obtained for 50 cents a yard Curtains for a window of average size may be made of this scrim for $1 25 I found that I needed to allow four inches for a hem, 10 inches for shrinkage and two inches for a heading when I purchased my window hangings

For my bedroom, which was furnished in white enameled cottage furniture I purchased white cheesecloth for 15 cents a yard and dyed it a dull pink Never were window draperies more soft and lovely than they were

Of course cheesecloth is more expensive now The war brought so many surgical uses for it that the prices aviated At my suggestion, a bunting which is cheesecloth, and boiled it in soapy water until the color was gone Then she dyed the bunting a dull blue and had beautiful curtains which cost only 70 cents including the cost of dye

In my guest room I had no rug with the exception of a small pink and white rag rug spread in front of the bed These little rag rugs can be purchased for less than $5 now

Saw Big Planes.

Alfred D. Kuny, son of Mrs. A. H Havenor, 330 North Summit avenue, saw the three big sea planes on their way to the Azores Islands as he was stationed on the U S destroyer Wainwright along the ocean lane over which the planes flew. Kuny in his letter states that his ship, which saw much service during the war, will be overhauled at Boston soon and that he will receive a twenty days furlough at that time.

One night—or morning rather—Mr. Brown returned just as dawn was breaking

"What time is it?" called his sleepy spouse.

"A quarter to eleven my dear," replied Mr Brown

His wife switched on a light and looked at an alarm clock that stood near her bed. It showed twenty minutes past four.

She took her husband to task; whereupon he put on his coat and hat and started out in a dignified manner

"Where are you going?" she asked.

"I am going away," he replied—"away never to return" When things have come to such a pass in this house that you the wife of my bosom will rather believe an ordinary, tin half dollar alarm clock instead of your loving husband, it is time I left for parts unknown

JUSTICE
For the Foster-Parents of Our Children

IT IS STRANGE that the generous-hearted American people, who poured out their riches so prodigally in response to every patriotic, every charitable appeal, and who accorded such enthusiastic and liberal support to every measure and to every group that helped win the war, should have neglected to properly encourage and reward the services of one of the noblest professions in the field of human activities—a profession that in lofty ideals, in unselfish principles, in sacred responsibilities, stands side by side with the ministry of the Gospel itself.

We wish to bespeak, with whatever power and authority we may have and with such words as may be granted to us, some measure of consideration for the foster-fathers and mothers of our children—the school teachers of the United States of America.

There is no class of workers of whom we demand so much. We commit into their keeping the minds, the bodies, and the very souls of our children in the tender and formative years of their lives, and they, receiving these children, can indeed be said to hold in the hollow of their hands the future of America. We expect these devoted men and women to watch over and care for our sons and daughters as though they were their very own, to drill them in the arts and sciences, to train them for business and for citizenship, to instruct them in manners and in morals, to do for them those things which we would do had we the training and the leisure.

No class has assumed so heavy, so trying a burden and a responsibility with such willingness as these consecrated men and women. No class has performed its increasingly heavy tasks more devotedly, more conscientiously, and with less thought of self. No class served its country more wholeheartedly, more loyally, during the trying and tempestuous times of war, day by day pursuing its round of duty, day by day helping the young people, and through the children the parents, to see the struggle in its true light, thus securing the cooperation of the community in every measure undertaken by the Government to win the war.

Truly they have made the nation their everlasting debtor. Truly had they not done their work so well this republic would not outlast the span of a generation.

What then have the teachers received at our hands in return? They have received little of honor and somewhat less of pay. Other classes have prospered; other classes through powerful organizations have secured generous wages. The teachers have no spokesman, however, to demand even the simple justice of a living wage, so to them we give their petty pre-war pittance, so meager, so pitifully inadequate, that it places a burning brand of shame and disgrace upon this nation.

The men and women who are making the Americans of tomorrow are being treated with less consideration than the janitors who sweep out the buildings in which they are employed; they are earning, on the average, less than the wages given to the scrubwomen employed in the public buildings of the United States Government. Normal-school graduates receive less salary than street-sweepers; high-school principals and superintendents less than section foremen; country school teachers less for instructing the farmer's children than he pays his hired man to feed his hogs.

In a certain town of Illinois, for instance, the average wage of fifteen miners for one month was $217, while the average monthly salary of fifteen teachers in the same town was $55. In another town a miner, who, by the way, was an enemy alien, drew more than $2,700 last year, while the salary of the high-school principal in the same town was $765. We welcome with all our hearts the long-belated recognition that is being given to the man who works with his hands. We believe that this same workingman will be the first to join with us in asking better pay for those who teach his children.

No wonder there are fifty thousand vacancies in the teaching forces of the schools. No wonder the ranks are being filled with weak men and with immature women who merely use the profession as a stepping-stone to something better. No wonder there are thirty thousand teachers in the United States who have had no schooling beyond the eighth grammer grade. Small wonder, indeed, that seven million of our school-children are being trained by teachers, mere boys and girls themselves, who have had no professional education whatever.

When we consider that the 740,000 teachers of America are paid an average salary of $630 a year; when, moreover, we consider the fact that living costs have actually advanced 103 per cent since the beginning of the war, thereby cutting the buying-power of those insignificant salaries in half, we can easily determine that only a fool or a martyr would choose teaching as a profession, or would long remain in it unless these terrible conditions were swiftly remedied.

What a crime is this! What an indictment! What an unpartonable sin at the doors of an enlightened people who now find themselves at the head and forefront of the democracies of the world! How can we better prepare for the great undertakings of reconstruction than by setting ourselves immediately to remedying this perilous condition? In these trying and chaotic times when the world is beset by unrest, by anarchy, by revolution, by the devil's brood of appalling evils that follow in the train of war, we must make sure that the foundations of our republic are set on a rock that it may stand against the flood.

The peace and security of the world of the future will be in the safekeeping of the generation now in our schools. These boys and girls must weave up "the raveled sleeve" of civilization. Their hands must minister to the wounds of the nations. Their minds must meet and solve the difficult and crucial problems that will be their inheritance. Their hearts must be so imbued with the horrors of war and with the poverty and anguish that inevitably follow in its wake that they in their time will enter upon it only as a last resort in national self-defense or in support of some great principle of humanity.

Never has there been a more urgent need for high-minded, great hearted, splendidly trained, 100 per cent. American instructors to drive home the vital lessons that these times hold. Never has the future of the nation been so clearly committed into the hands of the teachers. And yet thousands of men and women of ability who would prefer to teach are reluctantly leaving their chosen calling, forced by the hard necessities of their very existence.

The teachers ask no largess at the hands of fortune. They enter their profession for service, not riches. But they invest years and money in preparation for their life work, and the knowledge they gain is shared with others who themselves use it to their own profit. Teachers, then, by every right and in all justice expect a return that will permit them and their dependents to live decently and in comfort.

In every community reached by THE LITERARY DIGEST there are readers of foresight, of vision, broad-minded men and thoughtful women who will see—nay, perhaps have long since seen—the critical and compelling importance of this problem. We are directing this appeal to them. We urge them to compare the salaries of their teachers with the wages of those who are doing work of equal value. There will be a challenge in the facts that will stir the community to action.

Let each community invest in schools so that it may thereby invest in a trained manhood and womanhood that can play their part in the great period of rebuilding and reconstruction that lies before us. Let each community set for its goal, as far as is practicable, a minimum wage of at least $1,000 a year for the teachers of America. This would cost the nation perhaps as much as we spent so gloriously in but one week of the Great War.

We are not pleading merely for the wefare of some single profession; we are not pleading for a special class; we are pleading for America; for her larger, her brighter, her richer future, for the fulfilment of her glorious promise. We are pleading for a coming race of men and women who shall be qualified to make complete the work of our forefathers who founded this nation and dedicated it to liberty, and who will bring to full fruition the new victories that we have won in freedom's cause. We are pleading for a wider teaching of the principles, the purposes, and the ideals of this nation that all men shall know her meaning and shall have equal access to her opportunities.

that the light of Americanism shall so shine that it shall flood every home, every heart, in our great land

Since This Appeal Was Printed in the New York Papers, May 5 th.

GOVERNOR SMITH has signed the Bill generously increasing the pay of the school teachers of New York State and in doing so wrote: "Neglect the school-houses and you provide a fertile field for the spread of the doctrines of the discontented, who, without a proper understanding of the benefits and blessings of our free country, cry out from the street corners of our important cities for the downfall of our state and the dissolution of our union."

NO WORD OF MAN WHO WENT TO WAR

Mrs. Wade Allen Believes Husband Alive.

NO CONFIRMATION

No Record of His Death is Found.

Richard Haskell Allen is a war orphan and is seven months old He was born in Illiopolis Oct 1 1918 a few days after the reported death of his father Wade H Allen in France He is a bright healthy happy youngster and there seems to be no black shadow of the great war upon his young life

Mrs Wade H Allen the mother of Richard does not believe that her husband is dead At least she has not been able to obtain any information as to when or where he died or where he is buried There have been so many men who had been reported dead and after words turned up that she still expects to find her husband alive

She is not one to sit idly and wait for news She has sought information from every source she knew of or could learn of She has written various army authorities including the chief of staff and the provost marshal She has written the Red Cross and various relief organizations She has received statements that were more or less indefinite and some of them conflicting

RICHARD ALLEN

WAS GASSED

The most definite information that Mrs Allen has received was from the chaplain of her husbands regiment who wrote that her husband was gassed in the Argonne forest on Oct 10 He was taken back to a hospital where he is supposed to have died Mrs Allen has tried again and again to find to what hospital he was taken when he died or where he was buried

One statement was that he was buried under the name of Wade Hallen There is not much encouragement in this as it is more likely a clerical error the coupling of his middle initial to his last name rather than a mistake in identification

NO ANSWERS

Another inquiry brought the statement that a certain address in Columbus O, was that of the man for whom she was supposed to be inquiring She wrote to this putting her return address on the corner of the envelope The letter never came back nor was it ever answered

Wade H Allen was drafted into the service from Lincoln He was sent to Camp Gordon, Ga He had been there only about six weeks when he was transferred to Camp Merritt N J, and from there was almost immediately sent overseas He was assigned to Co L, 126th Infantry 32d division His regiment landed in England and reached France about Aug 1

INFORMATION SLOW

Mrs Allen heard from her husband after he reached France but letters were as slow in coming as most army letters were The information that he was gassed on Oct 10, did not reach her till some time in December She believes that somewhere in the archives of the army there is the information which she is seeking and somebody should be able to give it to her

TUSCOLA FARMERS PLOWING CORN

Tuscola June 2—Farmers of this vicinity were nearly all busy in the fields the last of the week cultivating corn There were a few who did not get their planting finished before the last rains and who only finished the past week but the most of those had other fields that were ready for cultivation A few fields were planted over on account of a bad stand where it was said that it had been planted just in time for the cold rainy week before last to rot some of the seed

The amount to be planted over is only a small percentage of the entire acreage and the stand is generally good It came up looking rather pale and sickly but the hot days of the past week have put a good color into the young corn and it is now looking first class

The good growing weather has greatly changed the color and appearance of the growing wheat crop which is now beginning to head out and some of it that looked a bad color a few weeks ago is now looking green and fine

PUBLIC SALES

Two small public sales were held here Saturday One of these was an administrator's sale by Charles E Liston, disposing of the farming implements and livestock of his father J H Liston This included four head of work horses one milk cow and farming tools The horses were rather old and two of the better ones brought $12 each and the others went cheaper The other sale was one in which Thomas I McNeill was disposing of some surplus household goods

Mr McNeill has just sold to his brother James after having owned it but a short time The stuff at this sale brought good prices There were fair crowds attended both the sales and both were sold by Lester L Smith

MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."—Mrs ELIZABETH MAY, R F. D No. 1, Columbia, Pa

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

EME-DENTINE

Keeps Teeth Clean and Healthy

There is nothing mysterious about EME-DENTINE—the perfect Dentifrice. It contains Emetine and Ammonium Fluoride. Emetine is an efficient protection against Pyorrhea or Riggs disease, which has caused so much ill health and even death. The Ammonium Fluoride is a scientific solvent and cleanser.

Acid mouth, bad breath, yellow teeth—all disappear when Eme-Dentine is regularly used—if the cause of these symptoms is such that ANY dentifrice can cure them.

The tooth paste you have been using may be good—but there's a better one waiting for your approval now.

DANVILLE NOT HARD FOR STALEY

Ranny Young Hands Out Only Four Hits.

Either the Danville team didn't play up to its usual standard or else they don't raise ball players in Danville outside of "Hod" Eller. The team from Vermillion county Sunday afternoon was not hard for the Staley team and the final count was 7 to 2 for the home boys. Starkey, the visiting twirler, was hit freely and his teammates booted the ball frequently and flagrantly.

The appearance of "Ranny" Young in the box for the starch workers, alone spelled defeat for the visitors. Young was in great form and allowed the visitors but four clean drives. Errors behind him cost the only two counters the visitors secured. The

FAST TIME IN A. E. F. TRACK MEET

Paris, Sunday, June 1.—Picking up forty points in the last day's events, the intermediate section of the service of supply won the team championship in the American expeditionary force track and field games today.

Teschner, Harvard, won the 100-yard dash in ten seconds and the 220-yard dash in 22 1-5 seconds. Earl Eby, the national 600-yard champion, won the quarter mile and half mile events. The eight mile marathon was was won by Fred Faller of Boston, Mass., while in the hurdle events, the 120-yard was won by Ames and the 220-yard by Renick.

General Pershing and a big crowd witnessed the games.

SMALL CROWDS AT SUNDAY GAMES

Where did Sunday's baseball crowd go? Only 600 paid to see the Staley-Danville game and less than 300 paid to see the thrilling affair at the Comet park. In both cases the attendance was discouraging to the managements and only means less real baseball if the support is not forthcoming.

At present, neither Comets or Staleys are booked for next Sunday and it may be that at least one of them will go out of town.

COMETS DEFEAT WATERWORKS, 1-0

Two Hits Off Kotzelnek Defeat Him.

The Waterworks and Comets furnished the 'bang-up' baseball game of Sunday afternoon, the colored boys winning over the Water boys, 1 to 0. It was the first time out of three games between these two that the Comets had come out at the long end of the score.

Manager Young of the Waterworks, thinking to spring a surprise on Dave Hunt's followers, announced Charley Rushing would do the pitching, in the Sunday morning announcements. But Dave Hunt wasn't to be taken by surprise. He had a hunch Saturday and his hunch was correct as Kotzelnek appeared on the slab for the Waterworks. Only two hits were made off "Happy Jack," but they came right together and allowed the one run to cross.

IN SIXTH INNING.

It was in the sixth inning Harris drove a liner to right and Howe allowed it to get past him, all of which put Harris on third. The latted then started toward home on the pitcher's motion. Poston slapped it for a ground ball to Dooley but the throw to the plate was too late to catch Harris.

Poston, regular twirler for the Comets, had a sore arm from being hit by a pitched ball last Friday, so Evans, who has been playing at second, took his place. The little second baseman had something for the sluggers. Young's crowd annexed only five clean drives and ten of them fanned the atmosphere. The score follows:

WALTER GOODMAN RETURNS HOME

Served Four Years With Marines in Many Battles.

Walter Goodman, a Decatur boy, has returned home with his honorable discharge, after serving four years in the United States Marines. In those four years, Goodman has traveled much and figured in much fighting. He was in the skirmishes in Haiti and on the Mexican border, spent some time in the Philippines and for the past two years, has been in France. He was in the main drive there near Chateau-Thierry. His only surviving relative, A. Goodman, died last fall.

WILLARD ARRIVES FOR BIG FIGHT

To Start Training With Light Work.

IN GOOD CONDITION

Will Not Blame Trainers if Defeated.

Toledo, O., June 2.—Jess Willard, world's heavyweight champion, is in Toledo today ready to finish training for his championship contest of twelve rounds to a decision with Jack Dempsey here, July 4. The champion will do his conditioning at te Casino, a former clubhouse on Maumee bay. The camp is located within a mile of Dempsey's quarters.

Willard planned to start light work today, although it is probable that he will not do any boxing until tomorrow.

IS ALL SMILES.

Willard was all smiles and contentment when he arrived Sunday night. He appeared happy to be on the scene of battle and eager to get settled down to training. The champion said he would begin four weeks of intensive work at once and that he would be his own "chief trainer."

"I'll train myself and then I'll have no one to blame if I am beaten," Willard said. "It used to be the usual thing to blame defeat on the trainers. I am already close to condition. I never was very far out of shape. I have been training since February and believe my condition will cause a surprise when I start boxing.

MAY MAKE 249.

"I weight about 258 pounds, and I am confident that when I meet Dempsey I won't be as heavy as I was for for my match with Frank Moran. I may scale as low as I was for the Johnson contest, which was 249 pounds."

The champion will not have more than three sparring mates in camp at any time, he said. These will include Jack Hempel, a coast heavyweight, who came on from Los Angeles with him; Walter Monahan, who trained him for his championship match with Jack Johnson, and another heavyweight yet to be selected.

Dempsey will drop all work with the gloves after today. Dempsey, his trainers say, already is almost in perfect condition.

Home From St. Louis.

About seventy-five members of Zohak Grotto of Decatur went to St. Louis Saturday evening as the guests of Alhambar Grotto there. They were met at the station by a delegation from the St. Louis grotto and taken in machines to the theater, where a special section was reserved for them, to witness the ceremonial. They were also entertained at a banquet. The Decatur men returned home early Sunday morning.

HEALTH PROMOTION

Series of Health Talks to be Given by Well Known Local Physician.

The United States government has recognized the necessity of awakening the people to the urgent need of education along the lines of what constitutes "PHYSICAL FITNESS." A great campaign has been inaugurated to show just why so many of our young men were found "physically unfit"—why our middle-age men were physical and mental wrecks, and to promote a better standard of health conditions for all ages.

The greatest medical authorities are urging that everyone take stock of their own physical well being and that of their families and where any symptoms indicate a chronic or private disease, that they consult a good doctor in that particular field.

Dr. McCarty has devoted the past ten years to the study of diseases peculiar to men and also to the treatment of chronic diseases. Anyone suffering from these insidious diseases that tend to lower the health standard of the community may consult him at his office at 158 East Main Street, Decatur, Ill., without any extra charge for consultation or examination.

BAND CONCERTS WILL START SOON

One Each Week For Season of Ten Weeks.

The down town summer concert season will open soon by the Goodman band. The management of this organization has completed its canvass of the business district and the business men have raised a fund to pay for one concert a week, alternating between Lincoln Square and Central Park.

The season will last eight or ten weeks. The dates and other matters will be decided by the band members after their rehearsal Monday night.

SERVICES FREE.

Now that the war work and patriotic affairs connected with the world war, are about at an end as far as music and public demonstrations are concerned, Manager Greenberg of the band wishes to say that on every such occasion in the past, the band has contributed its services to the cause, free of charge. This included last Saturday's demonstration, when a band of thirty-eight pieces took part. Bands in all the other cities around here, Bloomington, Springfield, Danville and the like, have charged for their services each time.

DOESN'T WORK HERE

Word comes from Milwaukee that he market master in that town thinks he is on the way to solve the problem of the high cost of living at least to mitigate its rigors

They have established a market or two and the master of ceremonies makes the claim that it s enables producer and consumer to get together For some unexplained reason he thinks the rest of the problem will take care of itself

This has not been the experience of some more of us In this town of Decatur are many instances daily of producer and consumer coming together in a deal for edibles It is not recorded up to this time that this has resulted in any reduction of price If anything those who buy directly from the country producer pay a slight [illegible] this they excuse to themselves on account of superiority

Producers hereabouts have telephones and they are quick to learn the prices quoted [illegible] the dealers In case different prices are [illegible] the producers at the other end of the telephone line make diligent note of the higher one This is the one they use in their business when they go to town with supplies

They [illegible] to furnish good stuff but they don't plan for a minute to take less than the top price for it

INDIANAPOLIS RACE

About the time the automobile race in Indianapolis was half finished a total of three fatalities had been recorded and there was prospect that others might perish from injuries

This was a shock to some who looked at the bulletin boards The going must have been fierce for surely it was warlike in some of its results

Some remarked that if automobile racing kills them off in this fashion there will be a move to take it from the list of permitted sports

Others thought this demon [illegible] element of danger would but add to interest in the sport

Then it was observed by a bystander that the public got after prize fighting when the pugs began to kill each other

Issue was taken with this latter statement It was contended that on the contrary the public began to get away from prize fights when it became pretty well settled that the fighters had no notion of killing each other

A man could have learned something by being present at the race in Indianapolis that it doesn't pay to drive fast The chances are the fellow who takes his time will go farther in a car than the one who is in a hurry

The Indianapolis track was not well designed for high speed

WELL, BAKER SHOWED 'EM

It is announced from Washington that 300 000 troops were brought from overseas in the month of May This is a record performance to date and the men who managed it have reason to feel good over the showing

Some time ago Secretary Baker said that troops would be brought home at the rate of 30 000 a month Many who had acquaintance with the situation smiled derisively at the statement In fact they didn't hesitate to tell in confidence that Baker can't do it and he knows he can't

Their notion was that Secretary Baker was talking for publicity purposes only and that he was stretching things much after the fashion of the man at the advertising end of a circus

And now Baker has gone and done and did it On this set he is the show who proves to be right the experts among the observers were altogether wrong

A short while since a member of the Republican steering committee at Washington announced it would be the business of this congress to prod them and hurry them up in bringing the soldiers home

It looks as if by the time congress gets around to this there will not be enough men on the other side to make a showing This is once that Baker seems to be right on the job

KNEW WHAT TO TAKE ALONG

W. L Shellabarger of this town knows just how to provision himself when he goes part of the way to meet and greet returning soldiers A news item told that he left here to meet the boys of A Co and that he took along cigars cigarets and things to eat.

If they lived true to form they welcomed him in great style The soldier boy is young and vigorous, and as a rule there is a kind of gnawing in his stomach When he is that way there isn't anything he had rather do than eat and after he has eaten there isn't anything that will please him better than a smoke between lunches

A bunch of Kansas City army boys stopped in this town a short while one afternoon last week They were on the way back to their train and were hurrying along in squads of a dozen or more A Decatur youngster who had been in the army took a glance at them and remarked

Every man of them has something to eat That's the way when the boys get off in a town the first thing they do is to hunt a sandwich or a restaurant Just keep an eye on them it never fail

Don't they get enough to eat in the army?" was asked

I suppose they do but there isn't [illegible] in America who ever discovered it

Mr Shellabarger was a man after their own hearts

MOTHERS WILL HAVE A SAY

Speaking of the league of nations to avert war President Wilson in a [illegible] near Paris had this to say [illegible]

It is our duty to see to it that the mothers of America and the others of France and England and Italy and Belgium and the others of all other suffering nations shall never be called upon again to make this sacrifice This can be done it must be done and it will be done

And it appears the mothers of America as well as the mothers of some others of the countries mentioned are to have more to say about this matter in the days that are coming

Probably most of the mothers in America will have the ballot when we come to the important election near the close of 1920 Presumably they will use this political power to help along a cause that is close to their hearts If they happen to vote the way they are pretty sure to feel about this thing it will be a disastrous day for politicians who are not keen enough to rank themselves on the other side who do rank themselves in opposition just because of the partisanship that is always coming to the surface in them

It isn't a partisan question that is should not be But if some people insist on making it such they will have their way for a short while But they may not relish the consequences

THE HOMING INSTINCT

Several of the A Co boys came home ahead of schedule They had their discharges and then the most important thing in the world for them was to see their folks

In this they acted altogether naturally There was to be a reception and something of a function in the home town for these boys but this didn't matter so much They could come on a few hours ahead and not interfere with plans that had been made

And the thing they most wanted was to come to get in with the family at home and have a short session of the real thing in rejoicing

They didn't care so much about being proclaimed heroes for this was something that would keep They had been through the real thing that makes heroes if it is in a man to be one They had done the heroic and had seen others do it until it became a rather worn tale with them they were ready for something else by way of variety

But they hadn't seen the folks or the home for two years It is a long while to be away They had a feeling they were overdue at home that it was there great welcome was waiting and they had grown to have a healthy yearning for this And then they came and they were not disappointed

ABOUT TOWN

ONE woman in Macon does not let a little thing like making bread interfere with a trip to Decatur

Recently a friend stopped to ask her to drive to Decatur one morning just as she was finishing the first process of making bread

For a moment the woman hesitated She had that bread, which should be allowed to raise be worked over and made ready for the oven Then she decided she would not lose that trip to town so she took the dough with her into the automobile, worked it over during the trip to Decatur and then set it in the back of the car

Upon completing their shopping the women found the bread ready for the next step so while the automobile was speeding back to Macon the bread maker worked the bread once more and had it ready for the oven when she reached home

What might be called 'The Mattes Garden Association' is an interesting group of city farmers who are raising all kinds of garden truck on the block of ground owned by John F Mattes south of Forest avenue between South Crea and South Boyd streets

Originally this tract of ground which adjoins Lincoln park on the north was simply one immense deep gulch and was in other days located back of the old brickyard which faced on Decatur street thirty years ago

GULCH IS FILLED

As time has passed the big gulch has been gradually filled until now it level with the rest of the neighborhood and Commissioner John F Mattes has covered the top with good rich dirt hauled from excavations and from street sweepings

Mr Mattes has his own immense garden on the middle east half of the tract on which he raises great quantities of vegetables berries and fruits But the commissioner has a man who looks after his particular part and he gives the use of the west half of the tract to his neighbors He is a good landlord however and before turning it over to his tenant who pay nothing for its use Mr Mattes plows and harrows the land and he has been known to divide his stock of hot house plants tomatoes cabbages and the like with his tenants

ALL AT WORK

And so it happens that evenings—and sometimes on Sundays) a number of 'farmers can be seen with hoes, rakes, sprayers and other instruments" pottering around among the potatoes, peas beets beans onions, lettuce, radishes and other garden "sass

Closer inspection of the "farmers' who are dressed in work shirts old clothes old hats and overalls shows that they are Mayor Charles M Borchers Attorney Stanley Pogue Attorney Roscoe Redmon, Will B Allen, manager of the Farmers Elevator at Lake City and others

Commissioner Mattes is out in his garden nearly every evening but he is not looked upon as the real article he has a gardner who does the hard work although the commissioner does not hesitate about getting down int the dirt when setting out plants

The Standard Oil Company (Indiana) and the Farmer

THERE is no general class of men who understand so thoroughly, and appreciate so well, the service rendered by the Standard Oil Company (Indiana) as do the farmers of the Middle West.

Wherever he may live the farmer is as familiar with the dark green tank wagon as he is with the conveyance which brings the mail carrier. He knows that his requirements of petroleum products will be provided.

He depends upon the service rendered by the Standard Oil Company (Indiana), confident that the Company will deliver to him whatever products he needs, when he needs them, and at a price which is fair.

During the past two or three strenuous years the farmer of America has carried the responsibility for feeding the world. Every hour of every day he was busy and every minute was precious.

To multiply the effectiveness of his own and his employes' labor, he installed modern equipment—tractors, trucks, cultivating and harvesting machinery.

To run these machines, gasoline, kerosene, lubricating oils, and greases were absolutely necessary. To get them the farmer would have been forced to take hours of time going to town, were it not for the distributing facilities of the Standard Oil Company (Indiana). The Company brought the products he needed to the farm, even to the tractor in the field.

It is this kind of service which has brought the farmer and the Company into such close and such friendly relations. It is this kind of service which emphasizes the usefulness of the Standard Oil Company (Indiana) as a public servant.

DISTRICT RAISES $6,000 OVER QUOTA

Methodists End Drive for Centenary Fund.

4100 SUBSCRIBERS

Rev. M. N. English Praised for Success.

With a total of $502,480 raised and more still coming, Decatur district of the Methodist church went over the top and finished its campaign for centenary funds in fine style Sunday. When subscriptions were counted up at night, it was found that the sum had gone $6,000 past the quota. Delayed subscriptions are still coming in today, so when the canvass is fully completed the sum will be even larger. The quota for the district was $495,010.

Eleven additional churches went over the top Sunday. Altogether thirty-four charges in the district, representing fifty-one churches, went beyond their goal. The deficits in the remaining nine charges were offset by the over-subscription in other charges. Below is given a list of the churches which raised their full quotas, the grouping of the churches in this list being made according to the charges, many of the charges of the district consisting of more than one church:

MADE FULL QUOTA

Argenta and Epworth; Arthur; Assumption; Atwood and Macedonia; Pement; Bethany, Zion at Boody; Calwell and Rosedale; Cerro Gordo, Cisco and Enterprise Washington and Zion on Clarksburg Circuit; First, Grace, St. Paul's and Sargent in Decatur; Elwin and Long Creek; Findlay, Buck's Sastle, Okaw and St. Mary's on Findlay Circuit; Forsyth and Sharon; Garrett and Catwright; Harristown, Lakewood and Zion; Laplace, Lake City and Lintner; Latham; Macon; Maroa; Monticello; Moweaqua, Pesotum and Hayes, Sadorus and Ivesdale; First Church, Shelbyville Stewardson and Strasburg, Sullivan; Tower Hill; Warrensburg; Windsor

NOT COMPLETE

There are nine charges that have not completed the canvass. In several of these the work will continue until the full quota for the charge is reached some are within a few hundred dollars. They are Blue Mound Chapel, west of Elwin, Sanner; Hammond and Asbury; Tolono; Lovington, Cowden, Two Churches on Clarksburg Circuit, Cays Circuit, Moulton church, Shelbyville; and Windsor Circuit.

So far as can be learned the total number of subscriptions in the district was 4,100. In many cases the subscriptions represent families instead of individuals.

WELL ORGANIZED

Much credit is due District Superintendent M. N. English for the success of the campaign. He had the district thoroughly organized, and in fact so well organized was it that it attracted the attention of the area leaders, who complimented him more than once of the efficiency of the campaign in his district. Every night he has been in communication with the various charges of the district. For weeks he has put in strenuous efforts on the campaign and the results are seen in the splendid finish made.

Dr. English appreciates to the fullest the cooperation given him by the pastors and laymen of the district during the campaign. The work of the sub-district chairmen, especially, and a half dozen other pastors who worked early and late, contributed largely to the success of the campaign. The sub-district chairmen were Rev. E. V. Young of Moweaqua, Rev. N. M. Rigg of Decatur, Rev. W. G. Lloyd of Monticello, Rev. G. V. Metzel of Sullivan, Mrs. M. G. Coleman of Shelbyville and Rev. C. W. Gant of Windsor. Many influential laymen have been intimately connected with the campaign from the beginning.

NATION GOES OVER

While a report on the nation-wide drive for $105,000,000 is not yet in, it is known that the goal has been passed.

The largest subscription made in this district was by a Monticello friend who subscribed $25,000 for the Wesley Foundation at the University of Illinois. The name of the donor is withheld. This subscription was in early in the campaign, and has been included in the totals published day by day.

A special meeting of district superintendents of the Chicago area has been called for Friday and Saturday of this week in Chicago to check up on the drive. It is expected that at this time the plans will be made to help in putting the campaign over in the districts that are not yet to their goal.

AIRPLANES FLY HERE SUNDAY

Supplies for Col. Flagett's Machine From Indianapolis.

Aeroplanes were again visible over Decatur Sunday. In addition to Colonel Flagett's machine, which came Saturday for a visit, a big De Haviland, driven by a Lieutenant Plum, came Sunday from Indianapolis, to bring some supplies for the Flagett machine. Both left for Indianapolis shortly before noon Sunday. Both used a field north of the Decatur Malleable Iron works for landing. Lieut. Midkiff, son of Rev. Midkiff of Stonington, took the Flagett machine after arriving here Saturday morning, and went on to Stonington to visit his home.

AMERICAN "PEP" WON WORLD WAR

Lieut. Parkinson Tells Some Impressions Received in France.

One interesting idea brought out by Nellis Parkinson in his talk at the Second Presbyterian church Sunday night was that of the different spirit shown by the French and Germans when the odds were against them in the war. At the time when everything seemed to be against the French and it seemed impossible to stop the advance of the Germans, the French soldiers had the determination to the last man to win or die. At the time when the tide turned against the Germans they immediately gave up. He said the success of the Americans was due to the "pep" which they displayed. Mr. Parkinson added words of appreciation for the men who did not get a chance to go across, and also to those at home who stood behind the men at the front.

Mr. Parkinson was in some of the thickest of the fighting and underwent many hardships connected with the war. He was with the army of occupation in Germany for four months and he told some interesting facts about the reception by the German people of the soldiers. The people did everything they could for the men, and they made many friends among the Germans.

Mr. Parkinson had a large and attentive audience and his address was listened to with the closest attention. He was warmly applauded at the close.

ANNOUNCEMENTS.

The young people will be in charge of the Wednesday night service at the church.

An especially interesting program has been arranged for the meeting of the Woman's Missionary society Thursday afternoon at 3 o'clock at the church. The meeting will be on Thursday instead of Friday.

Group 3 will meet Friday afternoon with Mrs. E. E. Craw, 647 West Macon street. Group 5 will meet the same afternoon with Mrs. J. E. Freeland, 1060 North College. Meetings of groups 1 and 4 are postponed until June 12.

The Sunday school and church picnic will be held June 20, at Fairview park.

The congregation Sunday morning joined in the baccalaureate service at the university.

The tickets for the raffle were selling in thousands. McGregor wasn't having any, however. He called the whole thing a swindle. Eventually his friends persuaded him to buy one ticket. Who should win the pony but McGregor!

When the prize was brought to him he surveyed it gloomily, and finally said:

"I told ye the whole thing was a swindle!"

"What's the matter?" asked his friends.

"Where's the whip?" hissed McGregor.

LARGE AUDIENCE AT BACCALAUREATE

Dr. W. A. Brown Addresses J. M. U. Graduates.

PREACHES ON FAITH

Music Furnished by Chorus Choir.

One of the largest audiences that ever attended a baccalaureate service at Millikin university filled the lower floor and most of the balcony of the auditorium Sunday morning, the perfect June day adding its part to one of the most beautiful of the ceremonies attending the university graduation each year.

WORE ROBES

The front part of the center section was reserved for the graduation class and for the members of the faculty and promptly at the time appointed the procession entered the chapel, President A. R. Taylor and Dr. William Adams Brown leading, the class clad in the academic robes which their degree entitles them to wear. President Taylor and Dr. Brown also wore their master's degree robes.

On the stage with President Taylor and Dr. Brown sat Rev. W. H. Penhallegon and Rev. W. J. Darby as well as the chorus choir of the Second Presbyterian church. After the invocation by Dr. Penhallegon the choir sang most effectively "Land of Hope and Glory" by Elgar.

FAITH WILL CONQUER

Dr. William Adams Brown of New York then delivered the baccalaureate sermon on the subject "Faith Will Conquer."

He said in part: "The scientist progresses by faith. No physicist has ever seen an ion or an electron but working on the faith that these elements exist the investigators get certain results. Working without that assumption they fail to get these results. They have reason to believe that such forms of matter exist, that they are not mere figments of the mind and working on the assumption that these facts are true they accomplish results.

CREATED IN MIND

Their faith conquers and so as we study life we find that the immaterial things are the real things. Before great structures or great bridges appear in the material form they are seen and are created in the mind of man. It was faith which made the flight of the NC 4 possible. In fact modern scientists, whether or not they say it, are continually walking by faith not sight."

Dr. Brown spoke of the epoch making day which it was in the lives of the graduating class and that they as he had already found could find that some things are unchangeable, permanent—the basic principles of life, truth and religion would be the same in years to come although material things would doubtless greatly change.

GOOD MUSIC

Max E. Swarthout and Miss Florence Brown with Donald Swarthout at the piano played a Bach trio and Miss Fredericka Green sang Gounod's "Divine Redeemer" very unusually well.

The services closed with the singing of a choral benediction by the choir.

BROTHERS NEVER SEPARATED IN TWO YEARS OF WAR

SERGT. BEN TRIMBY.

PRIV. RAY TRIMBY.

BROTHERS SERVED TOGETHER IN WAR

Ben and Ray Trimby Home With Co. A.

NEVER SEPARATED

One Refused to Go to Hospital When Gassed.

When names Sgt. Ben Trimby and Pvt. Ray Trimby were noted among the home comers in Company A, 124th machine gun battalion. They are brothers and live just west of Decatur in Decatur township and on the Mt. Pulaski road. Their case is remarkable in that they started together two years ago and stayed together through the vicissitudes of two years of war.

In training camp, in the reorganization of the old national guard units, in their transportation overseas, in their stage rehearsal of the war game in the British training area, in the subsequent severe fighting and on the long journey home they never separated. They got off the train together in Decatur Saturday afternoon thus putting upon their mother the impossible task of trying to hug them both at once. No doubt this has happened in other cases but they are most unusual. There are a thousand chances for comrades to become separated—sickness, German bullets, transfers, assignment to other duties, etc., etc.

WAS GASSED

Sergeant Ben Trimby was gassed once, not badly but enough to qualify him for the hospital. He refused to go and thereby probably missed a wound stripe. He would not have minded a period of rest and recuperation in the hospital but he would not leave Ray. He felt that when he was discharged from the hospital he was likely to be assigned to some other unit and perhaps never get back to his old company and battalion.

How does it feel to get home? Ben was asked.

FELT AT HOME

"I felt that we were at home when we stepped aboard the U. S. S. Mt. Vernon at Brest," he answered. "She was the same old ship we went over on and she looked good to me."

The boys like others who have been in Europe and have gone through the fighting have developed mentally and physically. They have poise and balance which they lacked before they went into the army. They are ready to go to work. Both of them have jobs and should have gone to work this morning but their mother insisted that they spend a little time at home. Ben has a place with a farmer near Clinton for whom he worked before and Ray with another farmer.

MORE LOCAL MEN LAND IN NEW YORK

Some Among First Draft Contingent.

Another group of of Decatur fighters, some of them being among the first draft men to leave here almost two years ago, landed in New York Saturday from overseas. They are as follows:

Private Roscoe A. Gunther, 21st Co., 20th Engineers, son of John Gunther, 111 S. Maffitt.

Cook Ben F. Cooks, headquarters detachment 337th M. G. Bn., son of Willia Cook, 651 E. North.

Waggoner Eddie E. Falk, headquarters detachment, 339th M. G. Bn., son of Fred Falk, 777 N. Lowber.

Sergeant Carl T. Davis, Co. D, 339th M. G. Bn., son of Lewis Davis, 1703 E. North.

Private William F. Grant, Co. G, 112nd Inf., son of Mary Grant, 2000 E. Marietta.

Private Louis J. Cooper, Co. G, 139th Inf., husband of Edith Cooper, 579 S. Jackson.

Sergeant Walter F. Troesch, Co. K, Inf., husband of Lela Troesch, 145 E. Condit.

UNVEIL TABLET AT UNIVERSITY

Those Who Died in Service Are Honored.

The unveiling of the handsome bronze tablet purchased by the board of managers of the university in honor of those Millikin men who died in the great war was the striking feature of the Memorial day and Founder's day exercises at the Millikin university auditorium Sunday afternoon.

This tablet, which was unveiled by little Evelyn Swarthout, daughter of Donald M. Swarthout, bore the inscription:

INSCRIPTION.

"Pro Patria et Humanitate."

"In affectionate recognition of the patriotic services of the sons and daughters of Millikin in the great world war for human liberty.

The following made the supreme sacrifice: Howard C. Brown, Orlando M. Gochenaur, Ralph E. Janvrin, Russel Michenfelder, Roy E. Moore, Arthur Niedermeyer, Fred J. Shackleton, Lloyd L. Staley, Edgar S. Tingley, Merrill Taylor, lay sleeping in honored sepulture, revered and loved."

LARGE SIZE

The tablet is of bronze, twenty by twenty-eight inches.

In his dedication address Rev. W. H. Penhallegon spoke of the wars in which this country had engaged and of the fact that this country entered the great world war from humanitarian motives only.

Dr. W. J. Darby, president of the board of trustees of the James Millikin University, in his Founder's day address spoke of the original plans of James Millikin and then gave a brief history of the co-operation of the church in the establishment of the school and of the people who had made substantial gifts from time to time to it, mentioning particularly the Williams bequest, the gift of $40,000 by Mrs. Thornton, of Evansville, Ind., the estate of Prof. Rouse and others.

CENTENARY FUNDS STILL COMING

Grace Methodist continues Receiving Subscriptions.

Though the campaign was practically closed up last week, yet subscriptions for the Centenary funds continue to come in at the Grace Methodist church. The allotment for the church was $36,610, and the subscriptions have now gone $1,223.25 past the goal. The number of subscriptions is 412, representing practically all the families of the church.

Communion was observed Sunday morning. There were five additions to the church.

The officials board will meet tonight at the home of Thelma Knapp, 450 East Stuart avenue.

Prayer meeting will be held at 7:45 Wednesday night.

The General Aid will meet at 2:30 Friday afternoon at the church. Mrs. S. A. Hess class will have a bakery and candy sale Saturday afternoon at the Decatur Railway & Light company office.

Life's Lighter Hours

A surprise dinner was given on Mrs. Martha Moore in Niantic Friday in honor of her thirty-eigth birthday by thirty-five of her friends. She received many presents. Mrs. Alta Fenai and Mrs. Florence Parrish were hostesses.

Indigestion Spoils Your Dinner

If you have a weak, sick or rebellious stomach, you know what we mean. How often you have enjoyed a good dinner only to suffer from it afterwards. If you eat wisely and moderately, the fault is not with the food—it's with your stomach. Dieting won't help you, but Eupepsia Tablets will. These tablets act in a gently stimulating way, which the stomach at once responds to. With their help the stomach regains strength, renews its functions, so it is able to take care of its food, assimilate it and dispose of it. Distress after eating, heaviness, nausea, gases and sour eructations are relieved and prevented by Eupepsia Tablets. A remedy that strengthens a weak stomach, rights an upset one, and quickly improves the digestion.

"I am so well pleased with the EUPEPSIA TABLETS that I am writing you to let you know the results. I am now well and cured of heartburn and dyspepsia, which I had for fifteen years. I feel like a new man and I thank you for this great relief."

Use Resinol first for skin troubles

Delay in the *proper* treatment of skin troubles is dangerous. Every day spent in trying unproved remedies may only let the disorder spread and become more and more deeply seated.

The value of Resinol Ointment is *known*. For over twenty years it has been used as a soothing, healing remedy for the skin.

If applied in time, it usually checks the itching and reduces the eruption right away. But even in stubborn, long standing cases, it is surprising, how quickly this gentle, yet effective ointment brings results.

All druggists sell Resinol Ointment.
Men with tender faces find the lather of Resinol Shaving Stick delightfully soothing.

JOHNSON CALLS LEAGUE GIGANTIC WAR TRUST

California Senator Assails Plan, Branding It As Great World Economic Trust.

[By The Associated Press.]

Washington, June 2.—Assailing the league of nations as a combination of armed powers 'in a gigantic war trust," Senator Johnson, Republican of California, told the senate today that the Paris conference dared not amend the league covenants so that the declaration of future war would be decided, not by established rulers, but by a popular vote of the peoples concerned.

CALLS PLAN ECONOMIC TRUST.

'It is not a league of nations to prevent war," he asserted. "In its very creation, it has been stripped of every idealistic purpose it ever had. It contains within itself the germs of many wars, and worse than that, it rivets, as in the Shantung decision, the chains of tyranny upon millions of people and cements for all time unjust and wicked annexations. It is a great world economic trust, wherein a few men, sitting in secret, may control the economic destinies of peoples. It is not a league of peoples, nor does it anywhere concern itself with the peoples.

Instead of coming closer to those most concerned, the men and women for whom governments should exist, the league goes a step farther from them. The reperesentative of ruling powers sit far away in secret. If those who wrote this document really wanted to prevent war, they would have permitted the men and women who must bear the burdens of war, to determine by their votes whether or not there should be war.

"The answer is, this is not a league to promote peace, but to protect power. Those who advocate it dare not amend it so that the issue of war shall be made by the men and women who must fight and die for it."

ASKS FREE TREATY TEXT.

Urging adoption of his resolution asking the state department for the full text of the peace treaty, Senator Johnson read into the record the oft-quoted utterances of President Wilson regarding "open diplomacy."

'Open covenants openly arrived at," continued the senator, "are now a by-word and a joke. Their mention brings but a cynical smile.

"When you remember that England, frankly says her treaties are yet in existence, her offensive and defensive alliance with Japan yet controlling and then you observe the United States making some sort of engagement, the knowledge of which for the present we are denied, you will have some conception of what the league of nations is intended to do."

The revised covenant, Mr. Johnson continued, far from preserving the Monroe doctrine, would mean its destruction. He declared the league would be a partnership between the world's one great 'going concern" and bankrupt nations, and charged that government propaganda was discrediting league opponents. By the Paris negotiations, he said, the United States has made many powerful enemies.

"It is rare indeed," he asserted, "that any speech is made in favor of the league which does not bitterly condemn the Americans who think of their own country first. For the first time in our history, the jealous guarding of our own, the love of our traditions, and our institutions, the passion for our land and our liberty have become venial sins.

NATIONAL PROPAGANDA.

"We have learned in the last two years a new thing in our national life, national propaganda. The propaganda, paid for by the people themselves, has been devoted to deceiving the people, and to glorifying those who by a people's grace, have been raised to high positions. This perverting process has been one of the powerful agencies for preventing people from knowing the possibilities of the league of nations.

"On the eleventh of November, America, as no nation on earth ever had been defeated, was respected, revered and beloved. After six months of meddling and muddling in European and Asiatic controversies and contests over territory, the end of the peace conference finds Italy detesting us, France secretly despising us, England using us, and Japan bluffing us.

'They are all willing and anxious that we should have our league of nations and willing and anxious because of the same spirit which has ruled them in the peace conference. The one going solvent concern nationally is about to enter into partnership with certain national bankrupts. We give of our assets, both moral and material, and assume part of their liabilities.

"Gladly will we do what duty commands, and humanity and civilization may require, but that duty can be better done, our obligation to humanity and civilization better fulfilled in the high position of the world's greatest democracy than in the subordinate position of the least consequential of a quintuple alliance."

ABUSES OF HOLY ALLIANCE.

Recalling in detail the abuses which followed the holy alliance, the California senator said it was organized for the same declared purposes and in the same "ethereal and celestial language' as the league now proposed.

"The league of nations comes to us after its principal members have been gorged with territory with their boundaries and their limits increased beyond the wildest dreams. The one going solvent national concern on earth undertakes by article X to guarantee forever these extraordinary territorial limits. This league of nations, with the men who really wrote it, was meant to obtain peace only insofar as peace maintained forever inviolate their territories and their subject peoples."

Quoting the Monroe doctine amendment to the league covenant, Senator Johnson continued:

"If an American, with the purpose in view of protecting the Monroe doctrine, wrote this article, his affection for it was tepid, and his allegiance feeble. It could not have been written with any other purpose than the destruction of the Monroe doctrine. The amendment simply says the 'validity of regional understandings for securing the maintenance of peace' shall not be affected. In other words, if the Monroe doctrine is to be administered, it will be within the jurisdiction of the league of nations to administer it.

DECRIES SHANTUNG DELIVERANCE

"The blackest page in all our history was written when our name was signed to the treaty delivering Shantung to Japan. We have not only committed the crime, in the first instance, but we have gained the crime for all time. We give by the peace treaty Shantung to Japan and by the league of nations, part of the same document, we guarantee Shantung to Japan, and guarantee it with our treasure and our blood.

"It is absolutely clear that questions like immigration, those arising from the alien land law of California and similar matters will be within the jurisdiction of the league. Remember that there is in existence an offensive and defensive alliance between Japan and Great Britain and that when the question of Shantung recently was up, Britain very frankly said this treaty alliance still existed. As a Californian, I am not ready to submit any race problems we may have to the jurisdiction of the council o the league of nations, or to the league itself.

"I am unwilling that either body should pass upon possibly the gravest question that confronts us. You gentlemen from the south would resent the suggestion that a race problem of yours should be decided by nations bound to the race affected by secret treaties."

MONTICELLO PLANS FOR BIG FOURTH

Monticello, June 2. — Preparations are being made for a monster celebration here on the Fourth of July. It is to be a county affair and will be held at the fair grounds in Monticello. All returned soldiers will be present to participate. A celebrated speaker has been secured in Asbury H Lever, congressman for the seventh congressional district of South Carolina. Horse races, a monster parade and other things are being planned and every one is setting aside this day to be a participant. All will bring their dinners and an old fashioned picnic will be held.

George Haines of Seymour, has purchased the Markel home on East Center street and will occupy it as a home.

Mrs. Flo J Miller and Miss Sara Holmes left Monday for Peoria to attend the State Federation of Woman's clubs. Mrs. Miller while there will be the guest of Dr. and Mrs. C. B Caldwell, former residents of this city.

COMMENCEMENT.

This is commencement week for the Monticello community high school. A reception for the teachers and board of education will be held by Superintendent W. L. Hagan and wife at their home on North Charter street, tonight.

Tuesday evening the seniors will give their class play at the opera house. The cast for "Esmeralda," includes Webster Markland, Herbert Kaiser, Sol. Levin, Leone Leiper, Helen Jones, Harold Keel, Fern White, Ruth Webster, Warren Tull and Harold Keel.

On Friday night at the high school assembly room the annual commencement exercises will be held. The following program has been arranged;

"GRENADE" BANKS FOR CHILDREN

Washington, June 2—Savings banks that started life as hand grenades intended for use by the American expeditionary forces against the Germans will be distributed to school children who earn enough money this summer to buy war savings stamps.

Distribution of the banks, numbering 15,000,000, will be under the direction of the savings directors of the twelve federal reserve districts. Every child under 10 who earns enough to buy one war savings stamp will be entitled to a bank. Those over 10 will be required to earn enough for two stamps. In addition, they must submit to their school teachers at the opening of the fall session an original story telling how they earned the money for the stamps.

CATTLE MUST PASS TUBERCULIN TEST

Washington, June 2.—As a further means of preventing the spread of tuberculosis among live stock, interstate shipments of cattle failing to pass the tuberculin test will be prohibited, beginning July 1, under a regulation issued by the department of agriculture.

FACTORY OFFICE HOTEL BEDROOM

Mt Clemens, Mich.—Henry Ford dropped a remark.

It was a remark which carried little meaning to the person unaccustomed to the Ford method of doing things.

"This is as good a place to work as any; what is the matter with us staying right here?' That was the remark.

Presently it began to appear what an apparently casual remark by Henry Ford meant.

Down in the hotels they began to move furniture out of whole suites of rooms.

Over in a business block they began to clean out a whole floor.

Trucks and vans of office furniture began to appear as if by magic, all coming overland from Detroit.

Desks, typewriters, chairs, dictographs, filing cabinets, heaps of stationery, large council tables, various cases of all sizes and shapes bulging with papers came under the guard of a small army of men.

Linemen were soon busy putting in special telephone and telegraph wires. The vast volume of Ford business began to roll back and forth across them. Swift motor cars kept the road between Detroit and Mt. Clemens hot with their traffic.

Then a corps of personal representatives, secretaries and clerks arrived.

MOVES OFFICES IN A DAY.

In less than a day's time, the central office of a great $500,000,000 industrial concern had been transported bodily from Detroit to another city, and was running as smoothly as if it were in its specially arranged offices at home.

Mt Clemens is famous for its mineral baths; but in its wildest dreams of greatness, it never hoped to be the headquarters of the Ford industries.

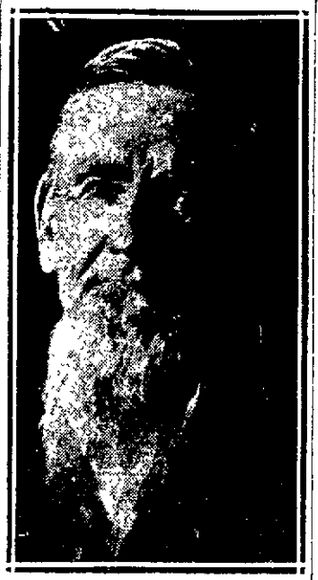

The Ford business has outposts in every country in the world. Just now new motor factories are being planned here and there in Europe to help give employment and encouragement to that distracted continent. But the decisions made, say, about a new factory at Cadiz, Spain, or about the new factory at Copenhagen, are being made in hotel rooms at Mt. Clemens, Mich.

The Ford Motor Co., the Fordson Tractor Plant, the Eagle Shipbuilding Plant, the various banks which exist principally to handle the Ford finances, the Dearborn Realty Construction Co., through which homes are being constructed for Fordson employes, the Dearborn Independent, which is Mr. Ford's weekly magazine—all these were surprised to find their headquarters moved within one day to a comparatively small city.

This was Henry Ford's way of saying, concerning his libel suit, "We'll fight it out on this line if it takes all summer."

It has been said in irresponsible quarters that "Ford doesn't care whether he wins or loses; we'll hardly see anything of him out here;" and while they were yet talking the head management of all the Ford industries moved in and settled down.

90 YEARS OLD TODAY

FRANK SKELLEY.

Frank Skelley, 839 North Calhoun street is 90 years old today. He came to Decatur in 1861 and has witnessed the many changes of the city. He was born in Vermont on the shores of Lake Champlain and left there at the age of six. Skelley came on to Decatur.

W. W. SHELLEY DIES IN SPRINGFIELD

Was Born in Decatur and Entered Law.

Attorney Wesley W. Shelley, formerly of Decatur, died at 11 o'clock Sunday morning at St. John's hospital in Springfield, following an operation. Mr. Shelley suffered a severe attack of typhoid fever two years ago and he had never fully regained his strength. He was forty-seven years old.

Mr. Shelley was born at the northern edge of Decatur, the family home being near what later became the race track. The land that constituted the Shelley estate has since been platted and is now part of the city. Wesley was the youngest of a family of ten children of Samuel and Ann H. Shelley.

BRIGHT STUDENT.

He was one of the brightest pupils in the Decatur schools. He entered the high school when he was only twelve years old and finished the course in only three years. He then became a law student in the office of Attorney J. M. Gray. Later he and his brother, Lafayette Shelley, formed a partnership which continued several years. Twelve years ago Mr. Shelley moved to Springfield and has since been practicing his profession in that city.

He is survived by his wife, who was formerly Miss Ella Vest, daughter of Mrs. Hannah Vest, 1075 West Cerro Gordo street. He also leaves nine children, William Shelley, Robert Shelley, who is now in the navy; Lucile Shelley, who lives with her grandmother in Decatur and who will graduate from the high school with the class of 1919; Gladys Shelley, Frank Shelley, Gertrude Shelley, Donald Shelley, Theodore Shelley and Charles Samuel Shelley. He also leaves a sister, Mrs G. A. Rice, 241 South Edward street, Decatur, and a brother, Charles Shelley, of Salt Lake City.

The funeral will be held at 2 o'clock Tuesday afternoon at the residence in Springfield.

AUNT DIES.

Mrs. E. P. McCune, 144 North Edward street, has received news of the death of her aunt, Mrs. Edwin Harris, at Lincoln, Ark. Her death was caused by paralysis. The body will be taken to St. Louis for burial. Rev. and Mrs. Harris formerly resided in Vermillion county. Mrs. Harris had visited in Decatur and had a number of friends here.

MRS. JOHN STUART.

Errett F. Stuart, 375 South Cree street, was notified Sunday of the death of his mother, Mrs John Stuart of Springfield, which occurred Saturday in a hospital in Kansas City, following an operation. She was on her way to Tulsa, Okla., for a visit when she became ill.

CHARLES COLLINS.

Charles H. Collins, a retired farmer, died at 2 o'clock Sunday afternoon in his home, 539 West William street. He was sixty-five years old. His death was caused by a complication of diseases. Mr. Collins had been in failing health for several years. He became seriously ill about a week ago.

Mr. Collins was born in Stark county, Ill., in 1854. His early life was devoted to farming. He lived at Farmer City for fourteen years, operating a farm near there. In 1891 he moved to Decatur and for many years he and his sister, Miss Mary Collins, have lived at 539 West William street. He was well known in Decatur and vicinity and had a great many friends.

FUNERAL TUESDAY.

Mr Collins leaves four brothers and a sister, William E. Collins of Omaha, Neb., Frank D. Collins and Henry A. Collins of Evanston, George V. Collins of Mt. Vernon, and Miss Mary L. Collins of Decatur. He also leaves several nieces and nephews. One niece, Miss Helen May Collins, has made her home with Mr. Collins and his sister since she was a baby.

Funeral services will be held at the residence at 2 o'clock Tuesday afternoon. Only the relatives and intimate friends are expected to attend. The interment will be in Greenwood cemetery.

FUNERALS.

G. J. DANZEISEN

The funeral of George J. Danzeisen was held at 8 o'clock Snuday afternoon at St. Paul's Lutheran church. There was a large attendance, many old friends being present. The services were conducted by Rev. Theodore Lohrman.

The music was furnished by Miss Irene Ott and Miss Louise Ott.

The flowers were in charge of Mrs Theodore Lohrman, Mrs. Herman Greb, and Mrs Lena Gross.

The pallbearers were Fred Kipp, Henry Schlie, Henry Oehler, Charles Eastob, August Schlick and Henry Holman. The interment was in Greenwood cemetery.

MRS. ELLEN DAILEY.

The funeral of Mrs. Ellen Dailey, mother of Mrs. E. B. Keusink, will be held at 2 30 o'clock Tuesday afternoon at the residence, No. 1 Lincoln Place. The services will be conducted by Rev. R. A. Orahood of Harristown. The interment will be in Fairlawn cemetery.

MISS CLARA AUGUSTINE

The funeral of Miss Clara Augustine was held at 3 o'clock Sunday afternoon at St. Johannes' Lutheran church. The church was filled with friends and many remained outside. The services were conducted by Rev William Heyne.

The music was furnished by the regular choir of the church.

There were many beautiful floral tributes, in charge of Lydia Hebrig, Agnes, Morenz, Louise Kuntz, Ruth Heideman, Lydia Golembeck, Lillian Hahn, Erma Scharin, Laura Hill, Clara Hill, Lottie Ziltz, Edwin Augustine and Robert Behrend.

The pallbearers were George Bingaman, W. Halmbacher, M. Augustine, H. Augustine, H. Behrend and R. Woolems. The interment was in the Lutheran cemetery.

STRAWBERRY CROP TO BE LARGE ONE

Many Wild Plants Are Loaded and Tame Ones Are Filled.

Who said the strawberry crop was killed? Even the little, uncared for, wild ones along the highways and railroad tracks are loaded down with fruit and the crop is now ripening. Autoists out Sunday, found quite a number of ripe ones along the roadside, the ripe ones being in more sunny spots.

The wild plants have bloomed heavier than ever this year and give prospects of an abundant crop. Many of them seem to be larger than the average wild berry too.

Cherry trees seem to be loaded in most cases and they are commencing to take on a reddish hue, giving evidence of a fair sized crop in a few weeks.

PRETTY DRAMA IS PRESENTED

"Ruth" Given By Congregational Christian Endeavor Society.

A pretty drama, "Ruth," was given at the Congregational church Sunday evening, taking the place of the evening service. It was presented by the young people of the Christian Endeavor society, directed by Mrs. Kazmarck, one of the teachers in the Sunday school. It was splendidly carried out, in spite of the fact that there had been no rehearsal by the full cast together, the rehearsing having been done by a few at a time. The young folks provided the scenery for the production and it added much to the effect of the story as it was presented. The music by the choir was appropriate to the occasion.

Helen Machan took the part of Naomi, Rachel Fox was Ruth and Imogene Wolfe was Orpha. Robert Chandler took the part of Boaz, and Sidney Scott was Elimelech.

FOUR SCENES

There were four scenes. The first was in the land of Judah as Naomi and her husband left for the land of Moab. The second scene was in the land of Moab, after the husband and two sons had died of the plague. Naomi tells her daughters-in-law that she is going to return to her native land, and Ruth decides to go with her, while Orpha remains in Moab. The third scene showed Ruth gleaning in the field and Boaz making inquiries about her, and the fourth scene represented Boaz in his decision to wed Ruth.

Church

Five Conversions

The Salvation Army praise meeting in Central park Sunday afternoon was one of the best ever held by the army in the open air. Five people knelt on the cement walk and were converted. They immediately gave testimony of their conversion before the big throng of people in the park. The theme for the service was "Jesus of Nazareth Passeth By." Many people were under conviction.

The Army will have another praise ervice at the park next Sunday afternoon at 2 30, with Mr. Stover delivering the message. The meetings are in charge of the Salvation Army captain, B. Sharp, and Army workers.

Clubs

USONIA

The Usonia club met Thursday afternoon at the home of Mrs. Wm. Hanks 1280 West Macon St. The women spent the afternoon with crocheting. The occasion was the birthday of Mrs. Ada Smith and she was presented with a gift. The hostess served a two course lunch. The next meeting will be held at the home of Mrs. Chas. Adkesson 1200 Block North Morgan St.

Spare the Spray and Spoil the Plant and Flowers

To the lover of flowers and home produce there is nothing so discouraging as to discover all their hard work and hopes are of no avail. The small bugs and worms are here ready to do their deadly work and prompt attention must be given all plant life to save both blossom and fruits. This is easily done by systematic spraying and dusting of the foliage with one or more of our tried remedies, and we will gladly assist you in the proper selection for your individual needs.

Let Me Sell Your Property

IF YOU WANT TO SELL AND DESIRE QUICK ACTION, list your property with me. I not only list property but sell it. There's a reason.

Some good people have the impression that, to sell property, an agent is superfluous and a waste of money. This viewpoint is erroneous. The responsible agent not only protects the seller but the buyer as well. The well-equipped agent draws the contract, looks after the abstract and insurance papers, fills out the deed and takes notarial acknowledgment of signatures, relieves you of many annoyances incident to the sale of property. Business men know these facts and are the first to employ the competent agent and do not begrudge him his commission.

I have many clients who want to buy homes, east and west side. If you have property to sell, put a fair price on it, list it with me, and get results.

CANTEENERS SERVE 1,009 SOLDIERS

Mattoon June 2—A record for ... service before or since the ending of the war fell to the lot of the Red Cross canteen workers on duty Friday night To be exact 1009 soldier boys were served during the night these men being on a troop train on the Big Four and a coach load of men on the Illinois Central But for the fact that pies and sandwiches and other eatables were obtained as the left-overs" from the repast served the Grand Army of the Republic veterans at the Methodist Episcopal Church the canteen workers would have been in the language of the street up against it. However with these additions to their own supply they cared for the soldier boys in fine style

A greater number of soldiers have been served by the local canteen at one time but not during the night Friday night making a record in this respect

SUNDAY PARADE FOR SULLIVAN BOYS

"Slim" Pifer's Whistle Awakened Some Folks.

Sullivan June 2—The members of Company C of the 130th Infantry have been arriving in the city for the last few days on every train and are coming in Sunday morning it was reported that the remainder of the men would be here on the Illinois Central and a large crowd of people headed by the band was at the station to greet them

When the train arrived only twenty men got off of the train and they were lined up in the street after they had little time to greet their relatives and headed by the band marched to the square on Harrison street They marched around the square and stopped on the west side of the square where a platform had been erected Judge W G Cochran spoke for a few minutes and then Corporal Bert Gregg made a speech which was enjoyed by the crowd

The boys had sent word ahead that they did not want to be served with refreshments on their arrival here and it is presumed that they were anxious to get home to their friends and relatives Sunday morning early people began to come in from the country and by train time it was impossible to get near the station for the large number of automobiles and the large crowd of people

HEARD SLIM PIFER WHISTLE

Some of the boys arrived on the early morning train Sunday It was shortly before 4 o clock when people living along the route from the station to Pifer s home heard some one whistling as loud as they could and those who happened to be familiar with Slim s whistle and happened to be awake at that hour were positive that Slim had just arrived on the early morning train and it proved later to be a fact and also that it was Slim doing the whistling

BOY ESCAPES DROWNING

George Bateman youngest son of Mr and Mrs Dr Walter C Bateman narrowly escaped drowning Saturday when he fell into the cistern while at play in the back yard at the Bateman home If it had not been for his older brother Billy going at once and telling his mother it is possible that he would have drowned before rescued It happened that the father was at home and that Earl Smith was also there and they rushed to the cistern and were able to rescue him before he went down the second time

CORN VALUES ON UPGRADE

Chicago June 2—Material upturns in the corn market resulted today largely from strength of provisions due more or less to big exports Besides rural offerings of corn were not overplentiful The cool wave approaching from the west tended also to handicap the bears Opening prices which ranged from ¼@¾c higher with July $1 66¾@1 67¼ and September $1 58¾@1 59 were followed by additional gains and then by moderate reaction

With shippers and industries competing the market showed increased firmness in the later dealings Closing quotations however were nervous 1¼ to 2⅜c net higher with July $1 69⅛ to $1 69¼ and September $1 60 to $1 60¼

Oats hardened with corn After opening unchanged to ⅛c higher, including July at 67½@67⅝c the market continued to rise

Active demand for lard helped to stimulate advances in provisions Steadiness of the hog market despite liberal receipts was likewise a strengthening factor

No important recession took place and the finish was about at the day s top figures

DECEMBER CORN PRICES QUOTED

No Change in Cash Here; Eggs Lower.

The first ... on December corn ... in the grain market Monday morning and the price started at $1 ... a bushel dropped as low as $1 ... but by noon had fluttered back to $1 1 ... indicating that the corn buyers of the world believe that even the ... new crop which will come on the market this fall will be worth considerable money The spread between June corn and December corn is only about ... cents while two years ago the difference was 30½c a bushel on June ... Relatively speaking corn is worth more than usual compared with the new crop

Cash corn was steady to higher in Chicago but Decatur dealers made no change in their quotations for local deliveries

Eggs took a sudden drop in the wholesale market and buyers were offering only ... cents Monday Just a slackening of demand and a drop in the eastern prices were the reasons given for the price change here

PROPOSES PLAN TO HURRY FINANCES

Commissioner Ruthrauff Would Have Property Owners Give Promisary Notes to Pay Assessment on Dam When It Is Levied.

In a resolution presented to the city council by Commissioner Harry Ruthrauff Monday morning there was outlined a plan for hurrying along the work of financing the city water impounding program making it possible to have a good portion of the money available as soon as it may be needed. The plan calls for dividing the city into five districts, one to be in charge of the mayor and one in charge of each of the commissioners and each is to appoint a committee of twenty five residents in his respective district to place the matter before the people and secure their signatures to blanks that are in effect promissory notes that will be filled in with the amount of the special assessment as soon as the assessment on the individual property is known.

In this way these notes can be taken to the bank and the money realized on them much sooner than otherwise. The properties of those who sign the notes will not be subject to any further assessment for this improvement.

THE RESOLUTION

The resolution which was referred to the council as a committee of the whole for investigation and report provides the districts as follows:

District No 1 shall extend from the center of Eldorado Street on the north to the City Limits on the south and from the centre of Main Street on the east to the City Limits on the west.

District No shall extend from the center of Eldorado Street on the north to the City Limits on the north and from the centre of Main Street on the east to the City Limits on the west.

District No shall extend from the centre of the Street on the north to the City Limits on the south and from the centre of Main Street on the west to the City Limits on the east.

District No 4 shall extend from the centre of Prairie street on the south to the Wabash Railway on the north and from the centre of Main street on the west to the City Limits on the east.

District No shall extend from the Wabash Railway on the south to the City Limits on the north and from the centre of Main Street on the west to the City Limits on the east.

ASSIGNMENTS

The assignments of these districts is provided for as follows:

"District No 1 is hereby assigned to the Mayor. District No 2 is hereby assigned to the Commissioner of Streets and Improvements. District No 3 is hereby assigned to the Commissioner of Public Property. District No 4 is hereby assigned to the Commissioner of Health and Safety and District No is hereby assigned to the Commissioner of Accounts and Finances, provided however that said Districts may be changed or readjusted by agreement among the said members of the City Council."

CALL FOR HELP

The resolution provides that each member of the city council shall be chairman of his district and shall appoint a committee of 25 and all organizations and citizens are called on to assist in financing the project by securing signatures etc.

The resolution with the form of contract reads as follows:

USED AS COLLATERAL

All of said agreements and promises to pay when executed and returned as herein provided may be used as collateral security for the purpose of raising funds in the manner and at times most advantageous to the financing of said Water Impounding Improvement as determined hereafter by the Board of Local Improvements and upon final payment thereof by the signers thereto and special assessment proceedings for said Water impounding improvement shall be discontinued as to the property of the persons so paying but shall proceed to judgment against all property in said City of Decatur subject to assessment for said improvement.

Said blank forms unless otherwise agreed upon as hereinbefore provided may be printed in the following form to-wit —

FORM OF NOTE

Decatur Illinois ——19

For and in consideration of the fact that the City of Decatur Macon County Illinois is about to proceed with a Water Impounding Improvement and in consideration of the special benefits which will accrue to me and to my property in said City from such Improvement by the assurance of a continuous supply of water for many years in the future and by precluding all danger of water famine.

Now therefore as soon as it is determined in the same manner as the spreading of a Special Assessment I hereby agree and promise to pay into the Water Improvement Fund of said City of Decatur the said sum assessed by said authorities against my property at the time and in the manner designated by said authorities such amount when so assessed to be endorsed hereon by the Clerk of the Board of Local Improvements and when so endorsed then this instrument shall be indefeasable promissory note payable to bearer for said amount without any judgment being necessary against my said property in any Special Assessment proceedings and I promise and agree to pay the said amount to any bank or banker or other person and when so endorsed by said Clerk and upon my failure to make any payment or payments as herein promised and agreed or upon application for judgment against my property in said city of Decatur for the amount so assessed with necessary expenses and costs of such assessment chargeable against said property I hereby waive all right to object to the entering of such judgment and I hereby appoint any attorney of any court of record my true and lawful attorney for me and in my stead to appear in any court and consent to confirmation of Assessment Roll and confess judgment against my said real estate in any Special Assessment proceedings and in each and every step thereof for said Water Impounding Improvement or to appear for me in any court of record and confess judgment against me in favor of the for the amount so assessed against my said property without citation or service of process of any kind upon me and to waive all notice or service of process of any kind upon me and to waive all notice and the issuance or service of any process said judgment to be for the amount endorsed hereon by said Clerk and this power of attorney to enure to the benefit of any bank or banker or other lawful holder of this instrument hereby ratifying and confirming all that my said attorney may do in the premisess the same as though I were present and acting for myself.

How are the Roads?

Roads which had become quite good were again made somewhat muddy by the rain Sunday night. The showers were not general however but wherever they happened to strike the dirt roads are muddy. The rain fell quite heavily in some spots while in others there was no rain at all.

Tuscola—Roads immediately surrounding Tuscola are good but heavy showers to the west of Tuscola made the dirt roads muddy in the streaks which they struck.

Pana—Rain about midnight made the roads somewhat muddy.

Mt Pulaski—Roads are muddy.

PLACE UNHEALTHY; WOMAN ARRESTED

Mrs Barbara Gannon to Appear in Court June 11

Mrs Barbara Gannon aged eighty one was arrested Monday morning on the complaint of the city health department for maintaining unhealthy premises. Her case is set for June 11 in Justice Nobles court. Mrs Gannon lives at 920 North Clinton street. She owns a farm and some city properties. She said Monday that she had lived in that house 47 years.

She wanted to build two coals sheds and a garage from a lot of old lumber that has been piled up in her yard for about two years and she said that she had been refused a building permit. Commissioner Mattes told her that she would not be permitted to build out of that old lumber that her own house was in a deplorable condition and her yard a disgrace to the community.

He said he would keep after her until she complied with the ordinance and that this was but the beginning of her troubles. He said that the next time he would make her clean up the inside of her house which he said he did not believe had been cleaned up in four years. Mrs Gannon said that it had been cleaned at least once every year.

Life's Lighter Hours

Dinner Party

Rollie Workman and Fred Kemp of company A were entertained at dinner Sunday in the home of Mr and Mrs I O Shafer. The dining room was decorated with flowers and flags. Gave Shower

The Misses Henrietta and Lillian Friedman and Miss Rose Roucher gave a shower Sunday evening in honor of Miss Lillian Burstein in the home of Mrs D J Friedman 1404 West Decatur street. An enjoyable evening was spent in dancing and singing and a dainty lunch was served. The out-of-town guests were Miss Rose Cohn, Miss Sylvia Cohn, Dave Robertson, Harold Yappe, Leo Cohn and Morris Strum of Springfield.

Picnic in Park

Twenty members of the Junior class of James Millikin university had a picnic in Fairview park Monday morning. After the picnic they went in a body and planted ivy at the university building. It has been customary for the senior class to plant the ivy but from now on the Junior class will plant the ivy each year in order that they may be able to watch it and plant more if it does not grow. Miss Mary Finn gave the ivy oration. The class wound up their celebration of the close of school with a dance in the gymnasium.

Slumber Party

Miss Bessie Hill entertained Saturday night with a slumber party in her home 1 38 West Wood street and a line party at the Empress. The following girls were in the party: Ethel Bowman, Irene and Helen Bailey, Bable Pistorius, Rena Ward, Nora Chandler, May Muirhead, Leta Smith and Helen Irene, Bessie Margaret and Mildred Hill.

SCOUTS TO RUN CITY ONE HOUR

To Take Over Every Department June 13.

COUNCIL CONSENTS

Will Elect Officers Next Saturday.

For one hour on Friday, June 13, the administration of city affairs will be turned over to the Boy Scouts of America. This is not flying in the face of providence. It is not in any way slighting the Jinx that is known to be abroad on Friday the thirteenth but is a testimonial to the public confidence in the Boy Scouts of America to do a good job of whatever they set their hands to do.

TO NAME OFFICERS

Boy Scout Executive Kennister appeared before the city council Monday morning and stated that June 8 to 14 will be Boy Scout week that the Scouts will have an election this week and choose from their membership a mayor and four commissioners. They will constitute the city council and will appoint a city clerk, comptroller, city engineer, chief of the fire department, chief of police, street superintendent etc. In fact they will take over every branch of the city government and run it for an hour from 11 to 12 o clock. Boy Scouts will be traffic officers etc.

Mr Kennister asked the members of the council if they were willing for this program to be carried out and all declared they would be glad to be relieved of the responsibility of office for an hour.

DO GREAT WORK

This will not only be an honor to the boys but will create a greater respect for the Scout movement. It is the duty of the Scouts to aid the City in any way possible during celebrations, demonstrations or in time of stress. This was illustrated in Cleveland during the police strike when the boys acted as police and traffic officers for several days handling the job in a very efficient manner.

The Scouts have taken an active part in all civic duties in this City and the recent honor conferred is appreciation for their services. It will also bring them in closer touch with the administration teaching them the responsibilities of citizenship.

HOT ELECTION

The whole Council was in favor of turning the administration over to the boys and the Scouts will show their appreciation by the active and efficient way they handle affairs. There is a great deal of enthusiasm among the boys and the coming election is going to be a hot affair. There are no active candidates in the field as yet but with 406 Boy Scouts in the City that will mean 406 Candidates.

It is planned to hold the election next Saturday and the names of the candidates for office will be announced by Wednesday. The rest of the week will be taken up with election promises and plugging for friends.

ONLY ONE DINNER FOR ENDOWMENT

Expect 500 to Be Served in Mess Hall.

There will be just one dinner to discuss the Millikin Endowment fund campaign instead of two affairs. This dinner to which about 500 people are expected, will be held at the Millikin mess hall Tuesday night and those expecting to be present should get their names in to the committee as only about 500 can be accommodated. The dinner will be served at 6 30 o clock.

The dinner will be served under the supervision of W H Duerr of the Y M C A, and he had his force of helpers on the big job Monday getting the affair arranged.

Dr L E Holden secretary of the educational board of the Presbyterian church, will be the principal speaker although there will be one or two short talks by local people.

Personal

Mrs W R Newell and two sons, of Mt Vernon Ill left Monday morning for Arthur to visit relatives. They have been the guests of Mrs G W Stoddard in Decatur. They will visit in Tuscola and Terre Haute before returning to Mt Vernon.

Mr and Mrs Kenneth Wood left Monday for Chicago after a visit with Mr Wood's parents, Mr and Mrs E W Wood. Kenneth Wood has just returned from France and will shortly resume his duties as advertising manager for a department store in Anderson, Ind.

C E Slonaker freight agent for the Illinois Central at Bloomington, left for home Monday after a visit with his folks who live near Decatur.

20 TO GRADUATE FROM MILLIKIN

Rev. Howard Bliss to Give Address.

Commencement exercises for Millikin will take place at the university auditorium Tuesday morning at 9 30 o clock.

Rev Howard Bliss, president of Beirut college, in Syria will give the address of the day.

WANTED RELEASE

Dr Bliss could not figure out how he could get to Decatur from New York in time for the exercises here and fill all the engagements that had been arranged for him in the east and and he recently wrote to President A R Taylor, saying that his trip to Decatur had better be given up as he could not figure out how he could leave New York and get to Decatur in time to make the address.

Dr Taylor was averse to losing such an interesting speaker and he took the matter up with the railroad agents to figure out a schedule and Dr Bliss will arrive in Decatur Tuesday morning at 8 30 to deliver the commencement address which will come soon after 9 30 o clock.

20 GRADUATES

The awarding of diplomas will be made by President Taylor to the twenty graduates after the address by Dr Bliss.

Miss Gertrude Louise Guller, who has been teaching in Porto Rico will receive her A B degree this year and on account of the difficulty of securing passports may not arrive in time for Tuesday's exercises.

ALUMNI DINNER

At noon the annual alumni dinner will be held in the gymnasium and Dr L E Holden associate secretary of the educational board of the Presbyterian church, will speak. Dr Holden will also speak at the big dinner to be held at the mess hall in the evening in the interest of the endowment fund campaign.

The commencement exercises of the Conservatory of Music will take place in the university auditorium tonight at 8 o clock.

DECATUR SOLDIERS RETURN HOME

HEGER IS PRAISED

Mrs. Ruth Sweeney Public Health Nurse.

Dr I H Neece late assistant surgeon and sanitary officer in the United States Marine hospital and now holding a commission in the reserve corps of the United States public health service was appointed all-time health officer for the city of Decatur by Commissioner Mattes and the appointment was confirmed and his bond in the sum of $2 000 was approved in the council meeting Monday morning.

Roy B Zeigler was appointed clerk of the council and city clerk by Commissioner Montgomery and his bond in the sum of $10 500 was approved. A L McNabb was reappointed city comptroller by Commissioner Montgomery and his bond in the sum of $40 000 was approved.

THANK JEROME HEGER

On motion of Commissioner Ruthrauff the council unanimously extended to Jerome J Heger the retiring city clerk the sincere thanks of the council for the capable and efficient service he has rendered the city during the past years as clerk of the council, clerk of the board of public improvements and as city clerk.

Commissioner Mattes said that Mr Heger was the most capable and painstaking city official he had ever had the pleasure of dealing with.

Mayor Borchers said that while he had been in the council only one month he was impressed by the efficiency of Mr Heger and expressed his personal thanks for the courtesies that had been extended to him.

PUBLIC LIKED HIM

Not only has Mr Heger's ability been appreciated by members of the council but by the public as well. Persons calling at the clerk's office for information always got it promptly and cheerfully as well as accurately. His duties have been many being city clerk, clerk of the council, clerk of the board of local improvements and stenographer for the Decatur sanitary district beside attending to the business that comes to the office such as issuing various kinds of licenses, taking care of death and birth registrations, issuing of permits of various kinds etc.

The appointment of Mrs Ruth S Sweeney child welfare superintendent and public health nurse by Commissioner Mattes was confirmed and her bond approved.

BIDS FOR ICE

The commissioner of finance was instructed to advertise for bids for supplying the city with ice the ensuing year.

The contract with The Review as the official paper of the city council was approved.

On motion of Commissioner Montgomery the comptroller was instructed to draw a warrant in favor of Green Davis for the balance due on the purchase of forty acres of land needed by the city in the water impounding program and on which the old council had an option. The balance due is something over $2 500.

NEW STREET CARS

Commissioner Van Praag expressed the fear that the one man street cars soon to be brought here would prove impractical on some of the lines, as on North Edward street that after the motorman conductor has returned to his car after flagging himself over the Wabash crossing a train may fly around the curve and catch the street car before he can get it in the clear.

Commissioner Mattes said that the cars were secured through the persistent efforts of the former council and that while no particular type of car was specified the new cars would have to be operated according to the city ordinances.

Harry Pridemore was appointed a patrolman by Chief Allen and his appointment was confirmed and his bond approved.

THIEF SMASHES WINDOW, GETS GEMS

Clinton June 2 —After throwing a pavement brick through the glass window at the H C Lundh & Sons jewelry store in Clinton about 4 20 o clock Monday morning a thief reached in and grabbed about $100 worth of jewelry and then made his escape. Though the robbery happened in broad daylight no one saw it. The theft was not discovered until a little later in the morning.

About $20 or $25 worth of jewelry was broken by the brick when it was hurled through the window. The robber evidently did not stop to take all the gems within reach for there were other articles which could have been reached from the outside.
